Good afternoon SSA [REDACTED],

Based upon your responses to the Pending C4 File Questions, it has been decided the responsive file will be withheld from disclosure w/exemption b7A. No material will be processed in fulfillment of this FOIA request. The b7A response to requester, merely acknowledges the existence of a pending FBI investigation. Since Inspection division's investigation is ongoing we would like to cover this with a b7A letter (attached for your review).

Please let me know if this response is acceptable.

Thank you,
