Subject: DFAS Daily Ops 19 August 2019 --- UNCLASSIFIED//FOUO

Classification: UNCLASSIFIED//FOUO
=====

(U//FOUO) Dayton, OH Shooting:

- (U//FOUO) The Electronic Device Analysis Unit (EDAU) ran the POUND tool against 4-CI-3149898 (1B1 - Samsung S10+) over the weekend. EDAU is reviewing the image to ensure no classified remnants remain and will provide results to Cincinnati via OpWAN.
- (U//FOUO) On 19 August 2019 EDAU participated in a conference call with a Cincinnati case Agent, Chief Division Counsel (CDC), Office of General Counsel (OGC) and the AUSA to request DAG authority to execute POUND against 356E-CI-3147950 (1B6 - Samsung S7). EDAU will begin the process upon receipt of CI's EC with AUSA concurrence.
- (U//FOUO) Updated Digital Evidence Scorecard:

(U//FOUO) 90A-NY-3151227 – Epstein:

- (U//FOUO) The Digital Forensic Analysis Unit (DFAU) reports the repair of three hard drives over the weekend. Repaired hard drives were part of the non-functioning DVR2 system from the Metropolitan Correctional Center (MCC). DFAU is collecting clone copies of DVR2 that were produced by CART NY and will deliver to OTD on 20 August 2019 for processing.
- (U//FOUO) Updated Digital Evidence Scorecard:
