Subject: Call about Epstein in LR --- UNCLASSIFIED

Classification: UNCLASSIFIED
=====

Last week I received a phone call from Dr. Greg Bledsoe who was a witness in a LR public corruption case in LR. Bledsoe called because in 2002 he was a physician assigned with the secret service detail of former President Bill Clinton when they took a trip on Jeffrey Epstein's plane. Bledsoe said he did not see any criminal activity that he was aware of but there were a number of girls on the plane all who appeared to be adults in their early 20s.

[REDACTED] – Epstein's assistant was on the plane

Ghislaine Maxwell – Epstein's girlfriend was on the plane. Maxwell appeared to be in a position over the other girls on the plane and was directing the girls. The girls deferred to Maxwell.

Bledsoe described one night while on the plane, Bledsoe was sitting on a couch with other secret service agents when Bledsoe got up to sit on another couch across the room. A room with a sliding glass door was adjacent to the area with the couches. Bledsoe didn't notice at first but the glass door was slightly ajar. [REDACTED] was just inside the room and when she saw Bledsoe sit down on this couch she abruptly closed the door. Bledsoe didn't know what or anything was going on behind the door but got an eerie feeling about it. Later on that night Epstein came out of the room with a [REDACTED] female and Epstein massaged her butt for a minute or so. Bledsoe described this as awkward and creepy.

Bledsoe stated the trip was a 10 day trip where they first flew to the Azores Islands and later to several countries in Africa. Kevin Spacey was also on the plane and a number of other millionaires and billionaires.

Bledsoe recalled one of the 20 something year old girls on the plane was a masseuse who later got a small role in one of the hangover movies. Bledsoe remembered another 20 something year old girl was a former model who has since become an executive at a model agency. Bledsoe did not recall their names.

Is this something you are interested in? Would you like to talk to Bledsoe further? Would you like me to write it up to your file?
