That's great. Thanks [REDACTED]. We really appreciate the background.

After I had hit send, The DOJ Attaché here asked me if I could find out if DANY also has its own case? He's concerned about competing cases and that potential impact here given the sensitivities and the fact that they could be confused as the same by our UK LE partners (and/or the media). Again, just for our awareness. Any clarity is appreciated.

Sorry to bother you with the endless questions.

Thanks again,
[REDACTED]

[REDACTED],
Thanks for the email, FBI NY and SDNY have always had an interest in speaking to Prince Andrew if he's willing, however, that's the extent of our interest in him. He's not a big part of our investigation. The U.S. Attorney for SDNY made some comments at a press conference yesterday regarding reaching out to Prince Andrew and not hearing back from him. The media was all over that statement, making it seem we are investigating Prince Andrew more seriously than we actually are. We appreciate your support on this case, and of course any future ties to the UK will be appropriately coordinated through Legat London. Let me know if you have additional questions.
Thanks,
[REDACTED]
