[REDACTED] – for CID daily. Google Jeffrey Epstein and you will find the connection with Prince Andrew. I got pinged by National Press Office about it yesterday. I believe there is also a Pyramid/Ponzi scheme WCC matter associated with him as well also out of the MM division. [REDACTED]

He was actually prosecuted on one state charge which resulted in the sex offender status. The Federal Government has never prosecuted him. We have another witness, from Australia, that is coming forward to tell us everything she knows. It will be interesting to hear what she has to say.
