SSAs and SIAs working CI –

Our weekly 15-minute Skype call between squad supervisors in the field and HQ personnel will take place today at 2 pm; scheduling invite with link is below. Jacob McGinty of China Ops III’s FO Clandestine Operations Section will be presenting.

If you are on this list and no longer work CI (or never did), our apologies. We have a rather patched-together distro in need of constant updating. Please let me know, and we will endeavor to remove you from HQ CI-related emails. However, please note: your email address may also be on separate field office distros (related to specific squads, etc.) that will cause you to continue to receive these invitations. Unfortunately we have no control over those lists, so you will need to contract their administrators to be removed. If you are not sure which distro(s) you are on, I am happy to try to help you figure it out.
