### Revenue Sharing

Advisers, distributors or other affiliates of certain mutual funds (which include money market and non-money market funds) may enter into arrangements to pay brokers that distribute their shares for administrative, technological or other services, including marketing and other support services provided to such funds or their affiliates. These fees, commonly referred to as "revenue sharing," are separate from and in addition to any shareholder servicing or distribution fees that a mutual fund pays out of its own assets pursuant to its Rule 12b-1 plan and other expenses which are described in a fund's prospectus fee table. Rule 12b-1 fees and other expenses described in a fund's prospectus fee table increase a fund's expense ratio and decrease the fund's yield. Revenue sharing fees, on the other hand, are paid out of the assets of the fund affiliate and not from the fund's assets and, therefore, have no impact on a fund's expense ratio or yield.

With respect to money market funds, Bear Stearns negotiates revenue sharing payments separately with each fund family and not all fund families pay the same amount or pay according to the same formula. These payments are calculated based on a percentage of the dollar value of the fund assets held by Bear Stearns in customer accounts. Bear Stearns receives up to 0,66% per year of the average daily assets of fund shares carried in customers' accounts at Bear Stearns. Money market funds whose affiliates do not make revenue sharing payments to Bear Stearns are generally not offered or recommended by Bear Stearns to its customers.

These money market funds may in some cases have higher yields than money market funds whose affiliates do make revenue sharing payments. There is, therefore, a potential conflict of interest in the form of an additional financial incentive to Bear Stearns for making available to customers money market funds whose affiliates enter into revenue sharing arrangements. In certain circumstances, a portion of these revenue sharing payments may be passed on as compensation to certain Private Client Services account executives.

With respect to non-money market fund shares held in Bear Stearns accounts, Bear Stearns may receive Rule 12b-1 fees and other compensation described in a fund's prospectus but does not receive revenue sharing payments. With respect to non-money market fund shares held by certain Private Client Services customers away from Bear Stearns, Bear Stearns does receive revenue sharing payments in limited circumstances. A portion of these revenue sharing payments are passed on as compensation to the Private Client Services account executive designated by the customer. Bear Stearns does not believe that these revenue sharing arrangements involving such Private Client Services customers pose a conflict of interest with respect to customers whose accounts are held at Bear Stearns.

The prospectus and statement of additional information of mutual funds available through Bear Stearns may contain additional information regarding revenue sharing payments made by affiliates of the fund company.

#### Bear, Stearns Securities Corp. Net Capital and Net Capital Requirements:

Securities and other assets in your account are the firm's collateral for any margin loan made to you. If the securities and other assets in your account decline in value, so does the value of the collateral supporting your loan, and, as a result, the firm can take action, such as issue a margin call and/or sell securities or other assets in any of your accounts held with the member, in order to maintain the required equity in the account. It is important that you fully understand the risks involved in trading securities on margin. These risks include the following:

- You can lose more funds than you deposit in the margin account.
- The firm can force the sale of securities or other assets in your account(s).
- The firm can sell your securities or other assets without contacting you.
- You are not entitled to choose which securities or other assets in your account(s) are liquidated or sold to meet a margin call.
- The firm can increase its "house" maintenance margin requirements at any time and is not required to provide you advance written notice.
- You are not entitled to an extension of time on a margin call.

### NOTICE OF CHANGE PURSUANT TO TRUTH IN LENDING SEC RULE 10b-16

The annual rate of interest charged on any credit extended to you by Bear, Stearns Securities Corp. ("BSSC") for the purpose of purchasing, carrying or trading in any security or other property shall continue to be based on either the BSSC Margin Basis Rate, the BSSC Fed Funds Rate or the London Interbank Offered Rate ("LIBOR"), as notified to you upon request. The BSSC Margin Basis Rate will be quoted each business day by BSSC at our main office in New York. Factors affecting the determination of the BSSC Margin Basis Rate will include the short-term market interest rates quoted by money center banks and the Federal Reserve and the rate that BSSC is charged for borrowing money.

The purpose of this notice is to advise you that effective no earlier than thirty (30) days from your receipt of this statement:

If BSSC makes changes in any of the credit terms and conditions described herein or if a change is required by law, we will notify you of such change within a reasonable period of time, unless such change results in the same or a higher rate to you, in which case we will provide you at least 30 days' prior written notice. The annual rate of interest you are charged may fluctuate with changes in the BSSC Margin Basis Rate, the BSSC Fed Funds Rate, LIBOR, any of the rates quoted by Reuters or the rate provided by BSSC's local bank. The changes in rates resulting from this fluctuation will be made without prior notice to you (as contrasted with changes in the credit terms and conditions, notice of which will be provided as described above).

The Truth-in-Lending disclosure previously provided to you shall continue to apply except as specifically noted above.

- 1) The BSSC Fed Funds Rate shall be the rate for U.S. dollar funds, as quoted by an independent broker of such funds selected by BSSC for the first transaction completed on the opening of the business day on which such rate is determined.
- 2) The rate of interest charged to you on any such credit extended to you in a currency other than US dollars shall be based on either (i) LIBOR, as such rate is compiled by the British Bankers Association and published on Bloomberg or Reuters, or (ii) any other rate quoted by Reuters that is applicable to the currency in which the obligation is denominated or, if a rate for such currency is not quoted by Reuters, the rate provided by BSSC's local bank, as notified to you on request.
- 3) In either case, the annual rate of interest will not exceed a specified percentage above the applicable rate, specifically (i) 3% above the BSSC Margin Basis Rate, (ii) 4% above the BSSC Fed Funds Rate, or (iii) 5% above LIBOR, any rate quoted by Reuters or the rate provided by BSSC's local bank, and will appear on your monthly statements.
- 4) The amount lent to you by BSSC upon which you are charged interest may include purchases of securities for which payment is made by check for which BSSC has not yet received credit.
