I told [REDACTED] we would send him a kastigar letter this week . He said he would try to bring her in next week unless he had issues with the letter. Basically we should just tell him we are giving him 6001 immunity.

Also, I was thinking that senoiors in High School start turning 18 in January. So that if you are getting massages from High School students during a school year between September and January, you can be assured none of them are 18. And even by graduation in June, 5/6 of the students in a Highschool will be under 18.
