Hi [REDACTED] and [REDACTED] – Here is Roy's affidavit in support of the motion to quash. I am still scanning in the motion itself, which is 39 pages long. When that is scanned, I will send it by separate e-mail. I am hoping that the attachments are not so large that the system will reject them.

I have already done the research on these issues, so I should have a draft response by tomorrow. I would like to file the response by Friday because I will be out of town Monday through Wednesday of next week.

I will be in trial prep from 10:00 to 11:30 this morning, then back at my desk if you want to discuss before I start writing up the response.

Thanks.
