Hi [REDACTED] – FYI – Apparently the defense is displeased with [REDACTED] letter (which set a deadline of 8/17 and said that [REDACTED] wouldn't meet with them). So, they are demanding a meeting with CEOS. [REDACTED] and [REDACTED] are going to try to do a conference call with the defense to avoid the troop going to DC.

Has [REDACTED] been kept in the loop? Is there anything I should send to him? And the agents just interviewed another girl who started going when she was 14.
