Thanks [REDACTED]. Would you mind sending them to [REDACTED]. If I were smarter I'd create one of those folders in my e-mail directory so they don't take up room but I think Cyndee knows how to do it. Thanks.

Subject: Emails in possession of Cassell and Edwards

Ben and Dexter – You had asked earlier about the emails that Cassell and Edwards have. Before Epstein's attorneys produced them to Cassell and Edwards, they gave some items to me for review. I don't know if it is the complete production, but I still have those items electronically. They are very large. Do you want me to send them to one of your assistants to avoid clogging your email boxes? It is several emails with large pdfs attached.
