We are in the process of compiling the letters sent to counsel by representatives of the USAO to comply with the court order to produce by end of business Wednesday. The process is

EFTA00207640

ongoing since they are in the possession of so many different attorneys. Attached is a small sample (19 pages). We have objected to the production on Mr. Epstein's behalf believing they are irrelevant to the civil litigation, certainly inadmissible, and that their production chills the candor of plea negotiations in future cases thus the order violates the spirit of FRE 410 and 408. We have exhausted our objections on Mr. Epstein's behalf, see DE 172 (in 08-80893) regarding an order on our motion for protective order and believe that the USAO should consider intervening to protect its principled interest in the confidentiality of the correspondence. A binder of the compiled letters is being copied for your review if requested and will be supplemented when additional letters are located for production. Please advise where we should deliver them.
