Subject: Huge Problem

Date: Tue, 08 Jul 2008 14:51:21 +0000

Importance: Normal

Hi Ricky – I'm sorry, I know that you are busy, but a bunch of my old e-mails have disappeared, and they are very important. In my inbox I have a sub-folder named "Leap Year," and it looks like everything earlier than September 2007 is now gone. Is there a way to retrieve them? They are now the subject of some litigation, so it is really important.

Thank you.
