It has been difficult pinning your computer down, not your fault, and I was out sick for a long while. If you could just let me know when your computer is connected to the network again then I can accomplish the task.

Hi [REDACTED] – I still don't have a shortcut and I also don't seem to have access to that folder. I tried mapping the drive, but I don't have permission to do so. Can you help?

Thank you.

Hi [REDACTED]

You have been given access to the Jane Doe folder. [REDACTED] placed a shortcut to this folder on your desktop, however, you won't see it until you log off and log back on. Once [REDACTED] returns from court and logs back on to her computer, we can place the shortcut on her desktop as well. However, she has already been granted access to this folder [REDACTED]

I will be leaving the office today at 2:00 pm for a doctor appointment, so if you should have any issues accessing this folder please contact PC-FixIT.

Also, I will send you the information on Monday about that State Court matter we discussed. Have a great weekend!

Thank you,
