That will be fine. The DAG's Office is in the final stages of finishing their review (no letter from Prince Andrew was found). I told [REDACTED] he could file a FOIA request for any 302's on VR, as long as he had a Privacy Act release from VR.

Don't even think about this. I hope you and [REDACTED] have a wonderful time.

[REDACTED] and I just got off the cruise ship in England. I still can't download your whole message but the first few lines I can preview. A few weeks ago I got everything printed but I still haven't had a chance to review and segregate them. I tried to take them electronically but it was impossible. I am back in the office on Tuesday, 7/29. I will have them segregated, scanned, and Bates numbered by the following Monday.
