You may have seen that the 11th Circuit just ruled in our favor on the U.S. Attorneys correspondence issue. The opinion is attached. You will notice that the Court's order has "lift[ed] the stay of the order compelling the United States to disclose the correspondence."

In light of the fact that the stay has now been lifted, we would like to receive that correspondence as quickly as possible – as Judge Marra directed. Please advise as to how you will make production.

Thanks in advance for your help. We stand ready to assist in quick production any way that you would find most useful.
