Hi [REDACTED] – This looks great. I have asked [REDACTED] the question about who needs annual refresher training and I am waiting for a response. Can you let me know when the letter is good to go and the title of the person who is going to do the meeting in DC?

I also revised the Stip of Dismissal to remove the reference to the Fed. R. Civ. P. I believe that Judge Marra will sign it if both sides agree, so I thought we should see if the other side will agree as is. Can you review and advise?

Thank you!

Here are some changes that were made to the letter, but we still do not have approval to send it out. Hopefully by tomorrow morning. I'll let you know.

Here's a clean copy of a revised letter and a redlined version. We may have to make additional changes at the end concerning training; from what Ani sent me, it seems there is no requirement for annual victim rights training.
