Hi Brad – I am sending you our complete packet, that is:

- (1) Proposed Settlement Agreement, including title of DOJ official for meeting
- (2) Proposed Stipulation of Dismissal and Order accepting it (this would be Appendix “B”)
- (3) Proposed letter (this would be Appendix “C”)

Sealed Appendix A is the victim list from you with my one addition.

I need from you:

Appendix D (proposed amendments to the “Attorney General Guidelines for Victim and Witness Assistance” and to the procedures for filing complaints with the Justice Department’s Crime Victims’ Rights Ombudsman)

Appendix E (proposed amendments to the U.S. Attorney’s Manual)

I am going to respond to Paul’s email. July 5<sup>th</sup> is bad for us, too, but I don’t think the judge is going to change it. Is there any way for us to get this finished this week so that we don’t need another settlement conference? Then we can just set up the hearing with Judge Marra as soon as possible so that Courtney can do it while she is still here.

I will be working all weekend, so just email me whenever you want to talk.

Thanks.
