[REDACTED] - I am trying to draft up a written agreement. I have been asked to pose the following question: what issues do you (your clients) want to address in the public hearing and how long do you see the hearing lasting?

On another note, logistically, how do we handle the sit-down with the US Attorney while [REDACTED] is in custody? I can include it in the agreement, but do you foresee waiting until she is released?

Thanks.
