I rcvd email from Bogota a few weeks ago that they had rcvd letter and would be delivering it. Her address is correct. I will place a call to Austraila first thing in the AM. I'll update u then. B of America really giving employee grief for calling FBI but she is still working on SAR. This may have more to do with Atty Alan D and Br Stns than E. We should have it tomorrow.

Hi [REDACTED] – Can you tell me whether the victim notifications to [REDACTED] ever made it to them? And did we get good addresses for them? I need to send the notifications of Epstein's release.

Thanks.
