Hi [REDACTED]. Can you look on my desk, near the telephone, for this letter? It has distinctive University of Utah letterhead. If you find it, can you scan and email to [REDACTED]?

Thanks.

[REDACTED],

Before I left on Tuesday, I scanned [REDACTED] letter requesting an investigation into the Epstein case, and copied it into my thumb drive. My intention was to attach the letter to the e-mails I was going to send to OPR and EOUSA General Counsel. I've tried six different computers at the NAC, and none of them will open my thumb drive. Without the letter, I cannot send the e-mails.

Can you scan [REDACTED] letter and e-mail it to me? I can copy it to the desktop and send it by e-mail. Thanks.
