Dershowitz, Roy Black, Marty Weinberg (former judge, now criminal defense attorney)

This is the relevant email about the discussion with Dershowitz leading to this meeting:

Met with Alan Dershowitz:

1. He asked for us to terminate his community control/supervision early. I said no. I said that we would also object to any attempt to transfer his supervision to Jeff's Island.
2. He wants assurance that the Government won't indict him for a "minor" breach. He gave a few examples of a "minor" breach: 1) Josefsberg wants \$2 million as a fee – they think it is unreasonable; and 2) Epstein wants to swim in his pool. I said we weren't going to modify the deferred prosecution agreement; however, I said that the Office – through the chain of command - would evaluate any alleged breach but we're not trying to play "gotcha" with him.
3. He claims "but he could be wrong" that [REDACTED] provided [REDACTED] with names of "victims" who were not on the original victim list. I said that was ridiculous.
4. Since I refused to agree to his requests, he asked to meet with us - [REDACTED] and me - to try to reduce Jeffrey's anxiety level that we looking for ways to breach the agreement . I said we could meet after the New Year.

Let me know if you have any scheduling conflicts for the first or second week of January.

Thanks,
