Importance: Normal

I believe that Epstein was in NY when he signed all three documents, but I don't know that for certain. The answers below relate to the original agreement. I wasn't really involved in the negotiation of the addendum. I believe that [REDACTED] signed last, and he would have been in Florida. [REDACTED] was probably in California, and Lefcourt and Epstein were probably in New York.

[REDACTED] just reminded me that I should ask you the question as to where the agreement was signed and who signed last with regard to the NPA itself, the Addendum and the Dec Affirmation.K

Thank you, [REDACTED] for the information. Do you mean that Epstein signed it in NY? As always you were very helpful. Glad to have your signature to the Addendum. Would very much appreciate a copy of your sig. page on NPA when you are in WPB on Friday. All best, [REDACTED]

Hi [REDACTED] Here is the signed addendum. I looked through my electronic files but couldn't find that original NPA with my signature on it. The original document is in WPB and I won't be up there until Friday. Can you wait until then?

As to question 2, I believe that [REDACTED] was in Florida (Miami), I was in Florida (WPB), and the others were in New York, but I don't know that for certain. I was the last to sign.

Hi [REDACTED], I know you are busy and hate to bother you, but I have a question and a request.

- 1) Request—Can you provide me with (pdf) copies of the signature pages of the NPA that contain your signature or that of anyone else on behalf of the United States Attorney. We have “umpteen” copies of the NPA, but cannot find any that contain that signature to either the Non-Prosecution Agreement or the Addendum.
- 2) Question—Where were the various signers of the NPA when they signed it, i.e., West Palm Beach, Miami, etc., and who and where was the last signer. (I am assuming that would have been you)?

I hope all is well. Thank you as always, [REDACTED]
