Hey [REDACTED],

I'm glad you're doing well. Here is the latest.

[REDACTED] just called and informed me that Epstein's Attorneys attempted to serve her at her house today. She was at work and learned of this via her boyfriend. The Attorneys brought with them two PBSO deputies. A short time later the Attorneys, PBSO marked units, showed up at [REDACTED] new job(a [REDACTED] shop off of [REDACTED]) and served [REDACTED] with subpoena for appearance on April 2, 2008. [REDACTED] was obviously very upset. However, [REDACTED] was on the phone with [REDACTED] while all this was taking place. [REDACTED] stated that once she informed PBSO that she was a witness in an ongoing federal investigation they "back down". [REDACTED] told me this is becoming too much.

I have also spoken with PBSO. They deputy on scene informed me that the processor informed him that he would feel more comfortable having them with him due to "threats made in the past". The deputy said that [REDACTED] was upset but that the service was completed without incident. The processor had not expanded on his statement re the past threats.

I informed [REDACTED] of the Deputy's position so that she is updated regarding the incident. She told me that [REDACTED] would not be appearing for depositions next week. She has some questions regarding her filing on behalf of the girls in Federal court to stop Epstein from having contact with the girls. She may try reaching out to you later by email. To date, it looks like four girls have been in touch with the lawyers. We were trying to figure out if the State issued some kind of victim/witness list and that is why Epstein is attempting to subpoena these girls for depositions. A trial date for the State case has been set for July 2008. I also provided [REDACTED] with Lana's name.

I have placed a call to the New York Agent to get the latest update concerning the 2nd interview of [REDACTED]. I have not heard back as of yet. I feel the Indictment may have to be amended. I will get back to you as soon as I have some clarification.

I know you will let me know as soon as you can re DOJ's decision. I pray that is before I spend literally the next three days locked in our conference room prepping for the remaining 11 girls. It is a lot of material to get through. I guess it goes without saying that [REDACTED] will call you as soon as she hears something. You might want to pass along that another victim has been subpoenaed for depositions next Wednesday re the state case.

Hey first things first, see about you and your health. Let me know if you would like me to call [REDACTED] directly instead of emailing you with updates. We just want you to get well.
