**Subject:** 2422(b) based upon telephone contact

Hi everyone -- Sorry to trouble you, but I have a defense attorney who is claiming that NO ONE has ever been prosecuted anywhere in the United States for a violation of 2422(b) based exclusively on the use of a telephone as the facility of interstate commerce. I know that is false because I have prosecuted two of these, but it would be really helpful if you could provide me with examples of other cases throughout the country.

Thank you so much.
