I have only gotten through page 1. FYI – I called [REDACTED] attorney (who is paid for by Epstein) and asked one thing only – Do you still represent [REDACTED] and do you want me to send the victim notification letter to you or to her? He asked me to send it to him. He asked what the letter would say and I would not tell him. I only said that we anticipated sending out the letter in the next week or so.
