Hi Alex – Just caught a couple typos. It looks great. With respect to that item in the last paragraph:

(I understand that certain filings are due to our Office no later than December 14<sup>th</sup>),

I would recommend:

(I understand that certain filings are due to our Office no later than December 7<sup>th</sup> and that certain events must occur by December 14<sup>th</sup>)

That covers the proposed language in [REDACTED]'s letter that we get written confirmation, the plea agreement, and a date certain by this Friday with the change of plea/sentencing set to occur not later than next Friday.

Thank you so much.

Here is the corrected version:
