Do you want to check the courthouse? I am wondering if he is going to sneak in a plea with no one watching. I don't know if you could tell from the letter, but one of the messages was that "we know you are putting off this plea to avoid having to register as a sex offender before you go to jail so that you will still be eligible for work release." I think he has a sneaky deal with the SAO. Has [REDACTED] heard from [REDACTED]?

Hi [REDACTED] – Here it is. It is firm, but no response to the “feds are overreaching” comment from the article. If Judge Davis gives you a name, you can revise as appropriate. I am working from home today. My number here is [REDACTED], or you can get me on my cell ([REDACTED]).

Thank you.
