Importance: Normal

Hi Lanna – Our deadline is Monday evening for a signed agreement and arraignment in the federal system. At this time, things don't look promising anyway, but I will keep you posted. In their latest draft, they changed what they agreed to plead to in the state from solicitation of minors for prostitution (a registrable offense) to forcing adults into prostitution (a non-registrable offense). We will not budge on this issue, so it is looking unlikely that we will reach a mutually acceptable agreement. If that changes, I will let you know.

I really think I need to be there but I am teaching a seminar for the Children's Services Council on Monday morning. Wednesday is optimal for me. Lanna

Lanna if you can make a mtg at US Atty ofc Monday at 9, I should make it there by 10 after CJC mtg, that would be helpful to all.

Thanks. Do you want Lanna to be there, too? Maybe she could come at 9:00 in case any issues arise? I want to avoid having them try to play us off each other.

Hi Barry – Great. I will set it up for here, and try to get them started a little earlier so we will only have to finishing touches when you arrive. They are already trying to drag this into Tuesday, so I need to keep their feet to the fire.

I have a CJC meeting so any time after 10 a.m. is fine. As to location I'll defer to the will of the group. Your shop is fine with me.

Hi Barry – Monday works for them, too. What time do you want to get together? And do you prefer your offices or ours? Thanks.

I am out of the county tomorrow chairing a child abuse committee for Sec. Butterworth. Next Monday is better.

Importance: High

Hi all – Just received an e-mail from Jay Lefkowitz agreeing that a joint meeting is needed to finalize all of the agreements. Are all of you available tomorrow (Thursday)? If not, how does very early on Monday sound?

Thank you.
