Dear Mr. Goldberger:

Today, [REDACTED] and I appeared before Judge Marra in connection with a suit filed by [REDACTED] and [REDACTED] asserting that their rights as victims were breached by our failure to consult with them before entering into the Non-Prosecution Agreement. In response to their petition, I filed a Declaration under seal that included the victim notification letters provided to their attorney, Brad Edwards. At today's hearing, and over our objection, Judge Marra denied our motion to seal and unsealed the declaration. Accordingly, one piece of the Non-Prosecution Agreement, specifically the paragraph that is quoted in the victim notification letters, has been disclosed.
