Subject: Conference Call with Roy Black

Date: Wed, 06 Aug 2008 20:49:42 +0000

Importance: Normal

██████████ and I had a good conversation with Roy. Roy said that he had passed along our words of warning from the last conversation to everyone on the Epstein team and that they understood that they need to keep in touch with the government to avoid running afoul of the agreement. Roy said that "Tein is just a bulldog on the civil cases." I said that Judge Marra's ruling seems to taken care of that specific issue. I then re-raised the issue of work release and he said that he told everyone on the defense that we have a deal and we need to stick with the deal. Roy reminded the team that he and Jack had spoken repeatedly with ██████████ and I about the prison term and that it is clear that 18 months IN JAIL is a material term of the agreement. As Roy put it, he told them that if they try to get around the 18 month term, "██████████ will have a nervous breakdown and drop a nuclear bomb." I decided to take that as a compliment.

Roy asked us to call him with any problems so he can mediate the situation.

So, all is well in the Epstein world today. ██████████ and I meet with counsel for the Jane Does tomorrow morning and I will let you know how that goes, too. I also am waiting to hear back from the State Attorney's Office regarding what was filed with the state court.
