No. [REDACTED] – Can you send it to me?

Also, can you tell me the last time that FBI tried to contact [REDACTED] in the Epstein case? She told the civil attorneys that someone called her house a few weeks ago (say within the last month) claiming to be FBI but she thinks it was Epstein's people. Her dad was listening in on the call and he also says that the person claimed to be FBI.

Thanks.

Did [REDACTED] get [REDACTED]'s number for you? I'm out of town but I could track her number down through [REDACTED] if you still don't have it.
