Hi Scott, couple of things not finance related.

I bought a boat at auction last year – David Rockefeller auction at Christies for his ocean charity
I bought it for \$35k for and the boat normally charters for 90k – I now cannot use it and thought that maybe
you or someone you know might love it – all the info on the boat is bellow
I have also finally decided to sell 65th and will send you info on it on the off chance you know someone who is
looking for a great town house on UES
Hope all is well and see you soon
Best
G

Window of dates is May 17 through June 6, 2015.

Daima is 124 feet long motor sailer, owned by Mr. Erbil Arkin. She is his private boat and is rented out
occasionally to special guests during the season. Therefore the interior, equipment and facilities on board are of
an extraordinary high standard. She comfortably accommodates 10 guests in 5 cabins.

Below I've listed the cabin configurations and you will find much more information about the boat online
at www.daimayachting.com

Master One Master cabin (king size bed) located at aft of the boat
VIP One VIP Cabin located fwd starboard (queen size)
Guests Three guest cabins located aft starboard, aft port and fwd port side (two twin cabins and one double)

Daima operates with 7 crew, who will attend to the well-being of guests on board. The Captain is English and
the majority of crew speaks English.

Attached is a brochure on the yacht and pricing. Food, beverage, any crew gratuities and harbor fees are not
included. Harbor fees vary, but can be 750 euros - however - generally the yacht is anchored out and guests are
driven in to shore by tender. The itinerary is open and you can discuss where you'd like to go with the help of
the captain. The yacht will depart from and return to Gocek, which is a lovely little yachting town in
Turkey. The charter is for 8 guests for 7 days and 6 nights.
