Just on the off chance you know someone who is interested in a house on UES

Thank you

G

Attached are pictures and floor plans of the house.

It is 20 ft wide – approx 7000 sq feet with a working lift that goes from basement to 4th floor

And wood burning fireplaces

Current configuration:

Basement - Staff room – staff kitchen – laundry – mechanical room

1st Floor - Front entrance - movie room/office garden – staff entrance ( separate staff entrance from main entrance )

2nd Floor - Living room - dinning room – main kitchen

3rd Floor - Master floor

4th Floor - Gym/spa - Guest room-

5th Floor - Guest room - guest kitchen – guest tv/living room – terrace

Roof - Roof Terrace (not built out but flat and large and with permission to build)
