2013 CONTESTING INTELLECTUAL PROPERTY THEFT

Enquiry : Intellectual Law

• MEDICAL BUSINESS PLAN

• MSIC, COMMUNICATION TOOL

* Mon, Apr 8, 2013 at 3:39 PM *

* To: [REDACTED] *

Dear John,

I am contacting you today as i have an enquiry in regards to business law and have been advised by Heather Mack , Senior Solicitor of Westside Lawyers , Port Pirie, to seek further advice and assistance with a lawyer in your field. I have been advised by Dino Di Rosa of Di Rosa Lawyers, Adelaide, to contact you in regards to this matter, who provided me with your contact details.

I have a matter concerning the SA Medical Association and a proposed business plan that i had written and had contacted the board about in 2009. Heather Mack has advised me that i need the advice of an Intellectual Lawyer in regards to the business plan.

I had started research concerning the development of a Medical Specialist Centre to be established in the Port Pirie region in 2007. I was receiving advice from a business advisor, Michael Fetherstonhaugh of the Regional Development board , Port Pirie. I had conducted statistical research surveys through out the local and regional GP'S , Medical Centres and Hospitals, which resulted in a positive response in order for me to continue to develop and establish the business plan for the centre.

I had also conducted customer surveys throughout the local and surrounding ares to gather statistical research information regarding the specialists required for certain medical conditions with in this and surrounding areas.

I then developed and completed the business plan, The Specialist Medical Centre, prepared September 2009.

On advice of Terry Reichelt of the Regional Development Board , Port Pirie, i then contacted the SA Medical Association, Minister of Health, Hon Jon Hill MP, on the 18th of September 2009, in regards of acquiring funding and support to establish the centre in Port Pirie. I received a letter from Hon Joh Hill MP advising me that the Health Advisory Council of Port Pirie were engaged in a 10 year health service needs planning process, but they could not help me with my business proposal and that i should contact Mr Roger Kirchner , Director Mid North Cluster, Port Pirie Hospital, in order to obtain funding and support.

I then on this advice proceeded to contact Mr Kirchner, who then asked for my business plan to review to consider if he was able to assist me with the funding and support i was seeking. I asked for the business plan to remain confidential and that it remained my property and i would allow him to review it on a trust basis, to which he agreed, a verbal agreement.

He then proceeded to review my business plan for 3 days, i contacted him after these 3 days to request the return of my business plan.

On this meeting with Mr Kirchner , he then returned my business plan and had explained to me that it was an excellent idea / plan and that we needed people like me in this community , researching health matters and trying to establish a centre to cater to these health matters / concerns , but unfortunately he was unable to assist me with any funding or support, but it was a much needed commodity within this region/ community.

I then proceeded to conduct more research through the local and regional surrounding areas, GP'S, Medical Centre's and Hospitals in regards to a second business plan , M.S.I.C. to work in conjunction with the first business plan. I conducted a statistical research survey to which i received a very positive response again. I then developed the second business plan and proceeded to try and fund the project through my own personal finances from the sale of my home, to which i kept meeting dead ends. I then stopped with the financial side of the business plan and sought more support through the Regional Development Board, Hospitals and doctors.

phone calls / research, equalling \$1000 debt with Telstra and 2 years of my personal time.

Thank you John for considering my enquiry.

Kind Regards
Jacqueline Pearce

* 2013 COMMENCEMENT OF EXTREME TARGETING *
* 2016 LANYER INVOLVEMENT - DENIED SA HEALTH INVOLVEMENT *

John James [redacted]
To: Jacqueline Pearce [redacted]

2013 - * Tue, Apr 9, 2013 at 3:55 PM *

Dear Jacqueline,

I estimate that our fees for providing advice on the matter which you have outlined below, including taking further instructions from you, will be \$1,000 to \$1,250 plus GST and disbursements.

As a preliminary matter, as I understand your emails below you do not currently possess any documentary evidence of a connection between you providing your business plan to SA Medical Association and that organisation developing a similar plan. As such, there is some uncertainty about what documentary evidence will be available to prove that there was a cause and effect connection * between your plan being provided to Mr Kirchner and SMA developing its plan. * It may be that SMA will hold relevant documents in their records and the advice will address the issue of obtaining access to whatever documents do exist.

Unless you have additional relevant documents, it will not be possible for me to express a firm conclusion about the factual merits of your case in our preliminary advice but only outline what you would need to establish in order to be successful and how you might go about collecting evidence to prove that.

If you would like to proceed on that basis, please provide me with your postal address and contact details (phone/mobile/fax) and I will send a copy of our Terms of Engagement to you for your consideration.

If you have any questions, please do not hesitate to contact our office.

Regards

RE: Confidential Information

John James <[REDACTED]>

* Mon 22/02/2016 4:56 PM *

To: 'Jacqueline [REDACTED]'

Dear [REDACTED]

Thank you for your emails.

I have skimmed through the material that you have sent to me.

Some of the material relates to your business idea for a medical centre in Port Pirie, which you had contacted me about previously. I note that in April 2013, I advised you that our fees for taking instructions and providing advice in relation to that matter would be \$1,000-\$1,250 plus GST. If you like, we can still proceed on that basis.

There is also material relating to charges laid against you for resisting arrest and other material relates to what I understand to be a suspected criminal conspiracy in Port Pirie. Please note that this firm does not deal with criminal matters and accordingly we will be unable to assist you in either of those matters.

* Regarding the business plan issue, as I mentioned in April 2013, I am concerned that at this time there is no documentary evidence available to suggest a connection between you providing the business plan to Mr Kirchner and the establishment of a new medical centre. My preliminary view is that if no such documentary evidence exists, you will not have a tenable case for compensation. I would, however, need to consider the matter in more detail before providing my final advice to you if we were formally engaged to advise you on the matter.

Before engaging us, you should however carefully consider whether you will have the resources required to pursue any rights to compensation that we may identify. Litigation is expensive and you can expect to be required to pay approximately \$20,000-\$30,000 in legal fees and other costs if this matter proceeds to a trial. You do have the option of representing yourself in court, although in that case you may experience difficulty in having the court understand and accept your case and, moreover, this occupy a great deal of your time and may cause you significant stress.

The reason I raise these matters with you now is that unless you will be in a position to pursue any claims, it may not be worth the expense of having me review the matter.

If you would like to proceed with taking advice from us in relation to the business plan issue, please let me know. In that case, I will send a copy of our Terms of Engagement to you for your consideration.

If you have any questions, please do not hesitate to contact our office.

Regards

Miss [redacted]
[redacted]

Dear Miss [redacted]

Thank you for your letter of 18 September 2009 about the establishment of a Specialist Medical Centre in Port Pirie.

SA Health recognises and encourages private medical services to be established within rural communities. SA Health and Country Health SA (CHSA) have a long established history of working collaboratively with private medical practitioners in the provision of health services to the residents of local communities.

Currently, CHSA and the local Health Advisory Council for Port Pirie are engaged in a 10 year health service needs and planning process. This process will identify the needs of the local community and support the planning of long term health services to meet those needs. You may wish to consider discussing your proposal to establish the Specialist Medical Centre in Port Pirie with Mr Roger Kirchner, Director Mid North Cluster, CHSA on telephone 8638 4575.

Thank you for bringing this matter to my attention and I trust this information will be of assistance to you.

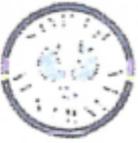

Yours sincerely

Dear Ms [REDACTED]

Thank you for your letter of 31 August 2012 about establishing a specialist medical centre at Port Pirie and offering to provide the business plans and research information collected throughout your project.

* I asked Adjunct Professor Belinda Moyes, Chief Executive Officer, Country Health SA Local Health Network (CHSA), who is responsible for Port Pirie Regional Health Service (PPRHS), to consider your offer and I am advised as follows:

As Ms [REDACTED] may be aware, the PPRHS already provides consulting room facilities for some specialties identified through consultation with the local general practitioners.

In these instances, PPRHS pays the travel allowance and provides hospital accommodation for visiting specialists providing medical inpatient services.

PPRHS also distributes monthly information to all doctors and health units within the town and surrounding area of the specialists' visiting dates and the waiting times to see new patients.

* The completed Port Pirie GP Plus Health Care Centre, scheduled for September 2013, will also have capacity to provide additional consulting space, if needed
The nature of what additional medical services may be required is yet to be determined.

The Port Pirie Health Advisory Council has undertaken a 10 year planning process, and is now engaging the local general practitioner in planning how to shape medical services into the future.

If Ms [REDACTED] would like to have input into the development of the Port Pirie GP Plus Health Care Centre, there is a consumer group that she may wish to join. Further information is available by contacting Ms Lisa Cockington, Regional Director, Community Health and Primary Health Care Programs, PPRHS, CHSA, on telephone 8638 4505 or Ms Georgina Bickley, Manager, Environmental Health Centre, PPRHS, CHSA, on telephone 8638 4100.

Dear Ms [REDACTED]

* I write in response to your letter dated 23 April 2013 in which you are seeking information on the meetings that have occurred during the year of 2009 between you and I so you can provide this information to the Minister for Health.

* I can confirm that we have met on two occasions to discuss your proposed Business Plan and research and that these meetings were held on 11 December 2009 and 5 February 2010, as arranged by my then Executive Assistant, Ms Jemma Salvemini.

I also understand that you would like information on the role of the Port Pirie Health Advisory Council (HAC) and that you are considering applying to the HAC to become a member. Can I please suggest that you write to the HAC expressing your interest in becoming a member and ask that the HAC consider your nomination. The letter can be made attention to Mr Barry Hay, Presiding Member of the Port Pirie Health Advisory Council, PO Box 546, Port Pirie SA 5540.

I will be in contact with you shortly to discuss the role and function of the HAC.

Yours sincerely

9 December 2015

Ms [REDACTED]

Dear Ms [REDACTED]

RE: Refuse Breath Test

I write to you in relation to the above matter. On the 7 December 2015 I received some disclosure from Prosecution in relation to this matter. I now enclose a copy of the following documents for your information (see attached):

- Statement of Officer Kathy Jacobs
- Statement of Officer Scott Kelly
- Notes of Officer Kelly
- Oral Advice on Refuse Breath Test

Please read each document carefully and contact me immediately should you have any questions or concerns in relation to the content of the material.

I can advise that if you wish to contest the allegations then I will need to obtain further details from you such as:

1. How did you get onto John Pirie Island?
2. Who is the owner of the maroon car?
3. Were you sitting in the maroon car when police approached you?; and
4. Where was the driver of the vehicle when you were approached by police?

After you provide answers to these questions I will be in a better position to advise you as to whether or not Prosecution will be able to successfully prosecute you in relation to these charges.

Your next court hearing is the 12 January 2016 at 10:30 am in the Port Pirie Magistrates Court.

I can advise that I will be on leave from the 14 December 2015 until the 4 January 2016. Please contact me sometime shortly after I return to work with further instructions.

Yours faithfully

Unfortunately, at this stage, Ms ██████████ found it difficult to avail herself for an assessment *to address the Court's queries about her mental competence* to commit the alleged offences and fitness to stand trial. I would be willing to reassess her for the Court once she has been further assessed and treated for her condition. I trust that the above is of assistance and would be happy to provide further clarification if required.

Yours sincerely,

Dr Hoa Nguyen REFERTO HEIDI SALVEMINI - COMPARISON

Order of the Tribunal

Case number 2017/SC000670

CASE INFO

Applicant

Dr. Michael David Jinyew Lee

Concerning

DOB [REDACTED]

Regarding

Level 2 Community Treatment Order

Hearing held on:

14 February 2017

Before Tribunal Member

Mr G Box

Level 2 Community Treatment Order

Made under the Mental Health Act 2009 section 16

Findings of the Tribunal

1. [REDACTED] has a mental illness.

2. Because of the mental illness, [REDACTED] requires treatment for her own protection from harm (including harm involved in the continuation or deterioration of her condition) or for the protection of others from harm. - CONFLICTING - CLAIMING SELF HARM / HARM TO OTHERS

3. There are facilities and services available for appropriate treatment of the illness.

4. There is no less restrictive means than a community treatment order of ensuring appropriate treatment of the illness.

Orders of the Tribunal

1. [REDACTED] will be given treatment for her mental illness of a kind authorised by a psychiatrist or authorised medical practitioner who has examined the person.

2. Treatment may be given under the order despite the absence or refusal of consent to the treatment.

3. The treatment and care of [REDACTED] is to be governed by a treatment and care plan.

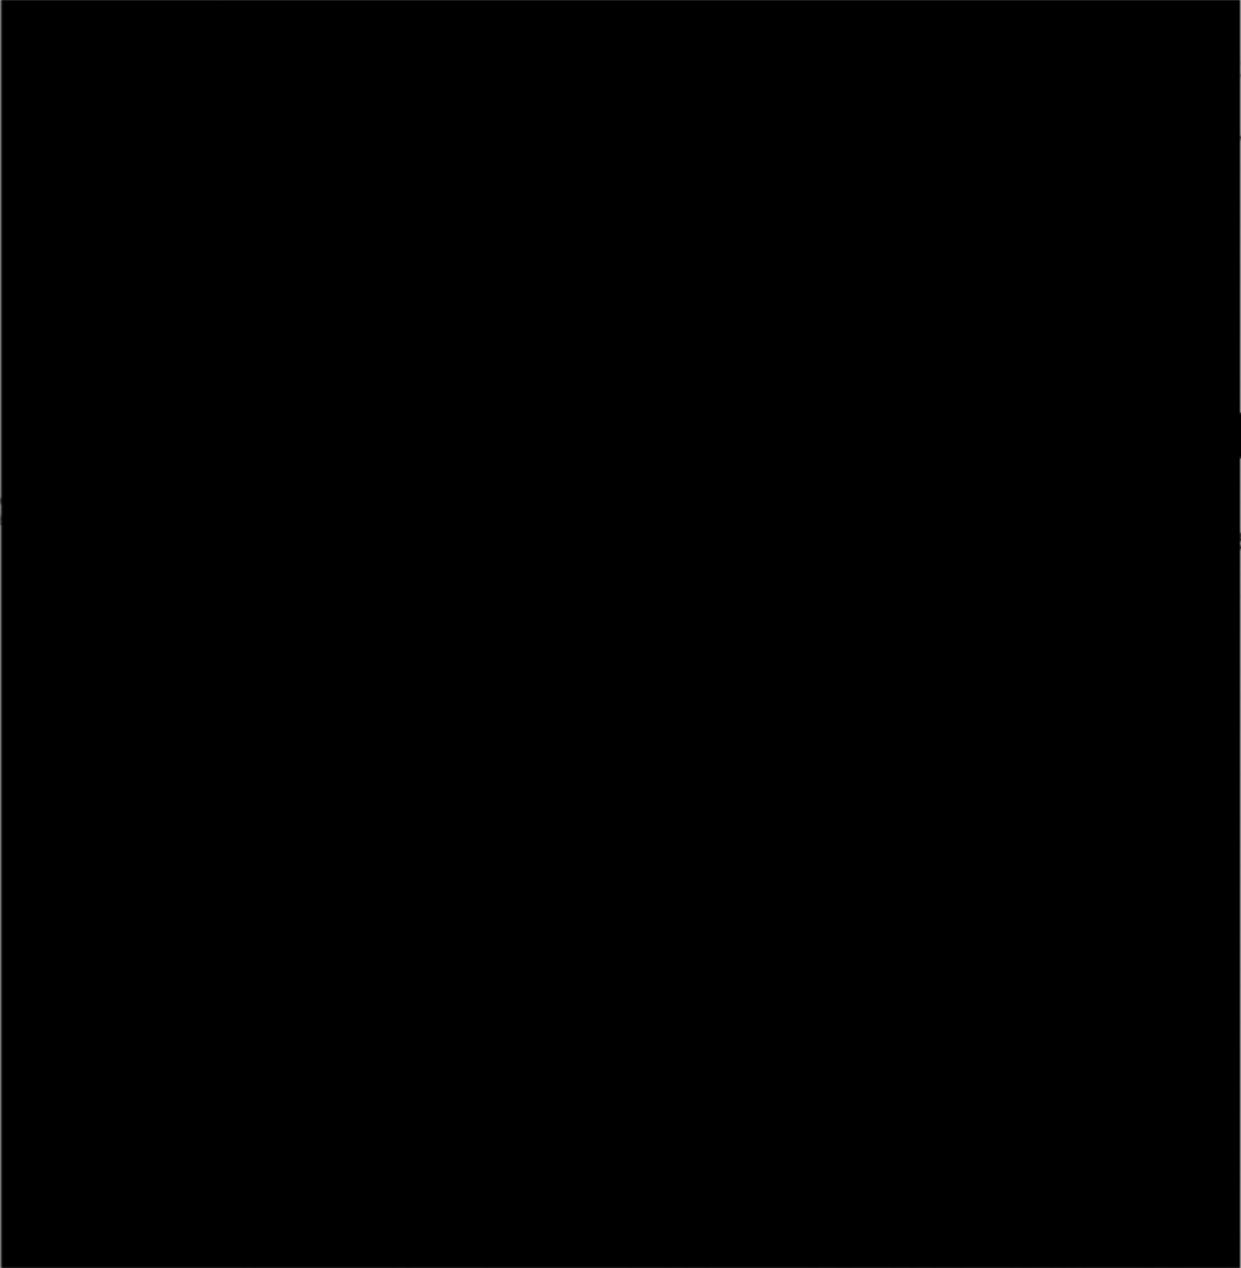

4. This order does not permit prescribed psychiatric treatment within the meaning of the Mental Health Act 2009 or prescribed treatment within the meaning of the Guardianship and Administration Act 1993.

5. [REDACTED], the applicant and any other person entitled to can apply to the Tribunal to vary or revoke the order at any time.

- Before you start the treatment, ask to read the manufacturer's printed information leaflet from inside the pack. It will give you more information about aripiprazole and it will also provide you with a full list of the side-effects which you may experience from having it.
- Aripiprazole injection will be given to you by a doctor or nurse. The injection is given into a muscle of your bottom (buttock) or your upper arm. You will be given an injection once every month - it is important that there is an interval of at least 26 days between each injection.
- You may be asked to continue taking your tablets for 14 days after you have had your first injection. This is because it can take a few weeks before you feel the full effect from the injection.

* SACAT / SA HEALTH - CONSPIRING IN ATTEMPTED MURDER *

Getting the most from your treatment

- Your treatment will require careful monitoring to make sure that you get the best possible benefit from aripiprazole. Keep your regular doctor's appointments so that you get your injections on time, and your progress can be checked. If you miss an appointment for an injection, contact your doctor to arrange for another appointment as soon as possible.
- If you are due to have any dental treatment or an operation, please tell the person carrying out the treatment that you have had an aripiprazole injection. This is important because it may interfere with any anaesthetic you receive.
- If you buy or take any 'over-the-counter' medicines, check with a pharmacist that they are suitable for you to take with aripiprazole.
- If you have diabetes you may need to check your blood glucose more frequently, as aripiprazole may affect the levels of sugar in your blood. Your doctor will advise you about this.
- If you drink alcohol, please ask your doctor for advice. Alcohol increases the risk of side-effects from aripiprazole so it is best avoided.
- * Treatment with medicines like aripiprazole can sometimes cause problems with impulsive types of behaviour. If you notice any changes in your behaviour, such as an increased desire to gamble, you must let your doctor know as soon as possible.

• A small number of people taking medicines like aripiprazole can have thoughts about harming themselves or ending their lives. It is very important that you tell your doctor about this if it happens to you.

* SACAT ORDERED MEDICATION - HARM TO ONESELF / SUICIDE *

* Can aripiprazole long-acting injection cause problems?

Along with their useful effects, most medicines can cause unwanted side-effects although not everyone experiences them. The table below contains some of the most common ones associated with aripiprazole long-acting injection. You will find a full list in the manufacturer's information leaflet supplied with your medicine. The unwanted effects often improve as your body adjusts to the new medicine, but speak with your doctor or pharmacist if any of the following continue or become troublesome.

Common aripiprazole long-acting injection side-effects (these affect less than 1 in 10 people)	What can I do if I experience this?
Feeling dizzy, tired or sleepy	Do not drive or use tools or machines. Do not drink alcohol
* Headache	Ask your pharmacist to recommend a suitable painkiller
* Feeling shaky or restless, unusual or uncontrollable movements	Speak with your doctor. You may be able to take another medicine to help reduce these effects
* Difficulties sleeping, feeling anxious, weight increase or weight loss, dry mouth, pain at the injection site, muscular stiffness, erectile dysfunction	Discuss these with your doctor if any become troublesome
* Changes to the results of some blood tests	Your doctor will check for these

Important: if you experience symptoms such as muscle stiffness, a very high temperature, feeling confused, a fast heartbeat and sweating, you should contact your doctor immediately. These can be signs of a rare but serious condition known as neuroleptic malignant syndrome.

If you experience any other symptoms which you think may be due to the medicine, please speak with your doctor or pharmacist for further advice.

CLAIMING GP PLUS HEALTHCARE CENTRES NOT UNDER GOVERNANCE OF SA HEALTH OR THE GOVERNMENT. DENIED INVESTIGATION / CONFLICTS WITH 2008 MEDIA RELEASE BY SA HEALTH.

MHW-H20-0285

Government of South Australia

Hon Stephen Wade MLC
Minister for Health and Wellbeing

*CONTINUED TO DENY INTELLECTUAL PROPERTY THEFT AND TARGETING 2020

Ms [REDACTED]

Dear Ms [REDACTED]

* Thank you for your letter dated 19 January 2020, regarding an investigation into alleged intellectual property theft of two business plans you developed between 2007 and 2011. I note you have also written to Hon Vickie Chapman MP, Attorney-General, and Hon Steven Marshall MP, Premier.

* GP Plus Health Care Centres are a State Government initiative. The Port Pirie GP Plus Centre was one of the last of eight GP Plus Centres to be constructed in South Australia. These centres are the foundation of primary health care. They provide advice on how to manage chronic diseases, provision of support for more in-home care and guidance for those who want to stay healthy.

The Port Pirie GP Plus Centre does not have an after-hours GP service, however, the local GPs provide some after-hours services through their privately run medical practices.

* I note your concerns raised regarding intellectual property theft, however, SA Health is not in a position to investigate this further as private medical practices or specialist clinics are not under the governance of SA Health.

I can see you have previously been provided with contact information for the Legal Services Commission of South Australia (LSC). Should you wish to pursue this matter further you can reach the LSC Legal Helpline on 1300 366 424.

* I note from your letter that this has created hardship emotionally, mentally, physically and financially. Please contact your GP for health care and support as required.

Thank you for writing to me about this matter.

Yours sincerely

Stephen Wade
Minister for Health and Wellbeing

13 April 2020
