Dear

Thank you for your recent enquiry, and we are sorry to hear how this is affecting you.

eSafety and Adult Cyber Abuse

The eSafety Commissioner's (eSafety's) primary role in dealing with cyberbullying complaints is to assist with the rapid removal of cyberbullying material targeted at Australian children, on social media services.

Please be aware that eSafety, therefore, has no legislative power to investigate adult cyber abuse complaints, formally. However, we do work to guide people where we can and provide advice on what they can do themselves.

In the most serious cases, we will use our existing relationships and escalation pathways with social media services to effect take-down of harmful material that is considered to be serious cyber abuse in nature or, where required, we will refer the matter to law enforcement.

Digital surveillance - IDENTIFIED AS ILLEGAL SURVEILLANCE RESULTING IN ILLEGAL ACTIVITY

Your situation sounds like it may be digital surveillance, which is not an area we generally handle or have experience in. You may wish to approach your email (and any other relevant) service provider about the situation.

You may also wish engage an IT consultant to assist you in this matter or a cyber digital forensic expert to assist you further and we'd encourage you to consider doing this in the meantime.

Reporting to police

If you wish to pursue this or to make a formal report to police, the following steps may help you prepare:

- Prepare a timeline of what has taken place
- Place any screenshots you have in a word document (provide a summary below each image explaining what the screenshot relates to)
- Provide copies of any URL's you may have (you can obtain the URL by copying and pasting the URL address from your browser address bar)
- If you believe you know who the person is that is targeting you online, provide as much detail about the person.

I have attached our Adult Cyber Abuse Resource sheet which contains useful eSafety and support links. You may want to reach out to support services to help you in this difficult time.

We have now finalised your matter for now and hope the above information assists you.

Regards,

Cyber Abuse Team

of the failed Bear Stearns hedge fund. Alan Dershowitz, one of Epstein's Florida attorneys on the case, told Fox Business Network "We would have been touting that if he had [cooperated]. The idea that Epstein helped in any prosecution is news to me."^{[1][68][75]}

Israeli startup

In 2015, the Israeli newspaper Haaretz reported that Epstein invested in the startup Reporty Homeland Security (rebranded as Carbyne in 2018).^{[76][77][78]} The startup is connected with Israel's defense industry. It is headed by former Israeli Prime Minister Ehud Barak, who was also at one time the defense minister, and chief of staff of the Israeli Defense Forces (IDF). The CEO of the company is Amir Elihai who was a special forces officer, and Pinchas Bukhris, who is a director of the company, was at one time the defense ministry director general and commander of the IDF cyber unit 8200.^[79] Epstein and Barak, the head of Carbyne, were close, and Epstein often offered him lodging at one of his apartment units at 301 East 66th Street in Manhattan.^{[80][81]} Epstein had past experience with Israel's research and military sector.^[82] In April 2008, he went to Israel and met with a number of research scientists and visited different Israeli military bases.^[82] During this trip, he thought about staying in Israel in order to avoid trial, and possible jail, for charges he was facing for sex crimes; however, he opted to return to the United States.^[83]

* **Video recordings - EPSTEIN - MAXWELL - ILLEGAL SURVEILLANCE INVOLVEMENT**

Epstein installed concealed cameras in numerous places on his properties to allegedly record sexual activity with underage girls by prominent people for criminal purposes such as blackmail.^[84] Ghislaine Maxwell, Epstein's close companion, told a friend that Epstein's private island in the Virgin Islands was completely wired for video and the friend believed that Maxwell and Epstein were videotaping everyone on the island as an insurance policy.^[85] When police raided his Palm Beach residence in 2006, two hidden pinhole cameras were discovered in his home.^[86] It was also reported that Epstein's mansion in New York was wired extensively with a video surveillance system.^[87]

[REDACTED] an artist who worked for Epstein in 1996, noted that Epstein showed her a media room in the New York mansion where there were individuals monitoring the pinhole cameras throughout the house. The media room was accessed through a hidden door. She stated that in the media room "there were men sitting here. And I looked on the cameras, and I saw toilet, toilet, bed, bed, toilet, bed." She added that "It was very obvious that they were, like, monitoring private moments."^[88]

Epstein allegedly "lent" girls to powerful people to ingratiate himself with them and also to gain possible blackmail information.^[89] According to the Department of Justice, he kept compact discs locked in his safe in his New York mansion with handwritten labels that included the description: "young [name] + [name]".^[90] Epstein implied that he had blackmail material when he told a New York Times reporter in 2018, off the record, that he had dirt on powerful people, including information about their sexual proclivities and recreational drug use.^[91]
