## Enquiry : Intellectual Law

\* Mon, Apr 8, 2013 at 3:39 PM

To

Dear John,

\* I am contacting you today as i have an enquiry in regards to business law and have been advised by Heather Mack , Senior Solicitor of Westside Lawyers , Port Pirie, to seek further advice and assistance with a lawyer in your field. I have been advised by Dino Di Rosa of Di Rosa Lawyers, Adelaide, to contact you in regards to this matter, who provided me with your contact details.

\* I have a matter concerning the SA Medical Association and a proposed business plan that i had written and had contacted the board about in 2009. Heather Mack has advised me that i need the advice of an Intellectual Lawyer in regards to the business plan.

I had started research concerning the development of a Medical Specialist Centre to be established in the Port Pirie region in 2007. I was receiving advice from a business advisor, Michael Fetherstonhaugh of the Regional Development board , Port Pirie. I had conducted statistical research surveys through out the local and regional GP'S , Medical Centres and Hospitals, which resulted in a positive response in order for me to continue to develop and establish the business plan for the centre.

I had also conducted customer surveys throughout the local and surrounding ares to gather statistical research information regarding the specialists required for certain medical conditions with in this and surrounding areas.

\* I then developed and completed the business plan, The Specialist Medical Centre, prepared September 2009.

\* On advice of Terry Reichelt of the Regional Development Board , Port Pirie, i then contacted the SA Medical Association, Minister of Health, Hon Jon Hill MP, on the 18th of September 2009, in regards of acquiring funding and support to establish the centre in Port Pirie. I received a letter from Hon Joh Hill MP advising me that the Health Advisory Council of Port Pirie were engaged in a 10 year health service needs planning process, but they could not help me with my business proposal and that i should contact Mr Roger Kirchner Director Mid North Cluster, Port Pirie Hospital, in order to obtain funding and support.

I then on this advice proceeded to contact Mr Kirchner , who then asked for my business plan to review to consider if he was able to assist me with the funding and support i was seeking. I asked for the business plan to remain confidential and that it remained my property and i would allow him to review it on a trust basis, to which he agreed, a verbal agreement.

He then proceeded to review my business plan for 3 days, i contacted him after these 3 days to request the return of my business plan.

\* On this meeting with Mr Kirchner , he then returned my business plan and had explained to me that it was an excellent idea / plan and that we needed people like me in this community , researching health matters and trying to establish a centre to cater to these health matters / concerns, but unfortunately he was unable to assist me with any funding or support, but it was a much needed commodity within this region/ community.

\* I then proceeded to conduct more research through the local and regional surrounding areas, GP'S, Medical Centre's and Hospitals in regards to a second business plan, M.S.I.C, to work in conjunction with the first business plan. I conducted a statistical research survey to which i received a very positive response again. I then developed the second business plan and proceeded to try and fund the project through my own personal finances from the sale of my home, to which i kept meeting dead ends. I then stopped with the financial side of the business plan and sought more support through the Regional Development Board, Hospitals and

Epstein a massage". She claims she was taken to his mansion, where he exposed himself and had sexual intercourse with her, and paid her \$200 immediately afterward.<sup>[106]</sup>

Perversion of Justice, Miami Herald, November 30, 2018.

A similar \$50-million suit was filed in March 2008, by a different woman, who was represented by the same lawyer.<sup>[129]</sup> These and several similar lawsuits were dismissed.<sup>[130]</sup>

All other lawsuits have been settled by Epstein out of court.<sup>[131]</sup> Epstein made many out-of-court settlements with alleged victims.<sup>[130]</sup>

MOTIVE - DESTRUCTION \*SEXUAL ABUSE RING PROMINENT POSITIONS

Victims' rights: Jane Does v. United States (2014)

A December 30, 2014, federal civil suit was filed in Florida by Jane Doe 1 (Courtney Wild) and Jane Doe 2 against the United States for violations of the Crime Victims' Rights Act by the U.S. Department of Justice's NPA with Epstein and his limited 2008 state plea. There was a later unsuccessful effort to add Virginia Roberts (Jane Doe 3) and another woman (Jane Doe 4) as plaintiffs to that case.<sup>[132]</sup> The addition accused Alan Dershowitz of sexually abusing a minor, Jane Doe 3, provided by Epstein.<sup>[133]</sup> The allegations against Dershowitz were stricken by the judge and eliminated from the case because he said they were outside the intent of the suit to re-open the plea agreement.<sup>[134][135]</sup> A document filed in court alleges that Epstein ran a "sexual abuse ring", and lent underage girls to "prominent American politicians, powerful business executives, foreign presidents, a well-known prime minister, and other world leaders"<sup>[136]</sup>

This long-running lawsuit is pending in federal court, aimed at vacating the federal plea agreement on the grounds that it violated victims' rights.<sup>[137]</sup> On April 7, 2015, Judge Kenneth Marra ruled that the allegations made by alleged victim Virginia Roberts against Prince Andrew had no bearing on the lawsuit by alleged victims seeking to reopen Epstein's non-prosecution plea agreement with the federal government; the judge ordered that allegation to be struck from the record.<sup>[134]</sup> Judge Marra made no ruling as to whether claims by Roberts are true or false. Though he did not allow Jane Does 3 and 4 to join the suit, Marra specifically said that Roberts may later give evidence when the case comes to court.<sup>[138]</sup>

On February 21, 2019, in the case of *Two Jane Does v. United States*, Senior Judge of the U.S. District Court for the Southern District of Florida Kenneth Marra said federal prosecutors violated the law by failing to notify victims before they allowed him to plead guilty to only the two Florida offenses. The judge left open what the possible remedy could be.<sup>[139]</sup>

Virginia Giuffre v. Epstein (2015)

In a December 2014 Florida court filing by Bradley Edwards and Paul G. Cassell meant for inclusion in the Crime Victims Rights Act lawsuit,<sup>[140]</sup> Virginia Giuffre (then known as Virginia Roberts), alleged in a sworn affidavit that at age 17, she had been sexually trafficked by Epstein and Ghislaine Maxwell for their own use and for use by several others, including Prince Andrew<sup>[141]</sup> and retired Harvard Law professor Alan Dershowitz.<sup>[8][142]</sup> Giuffre also claimed that Epstein, Maxwell and others had physically and sexually abused her.<sup>[143]</sup> She alleged that the FBI may have been involved in a cover-up.<sup>[144]</sup> She said she had served as Epstein's sex slave from 1999 to 2002, and had recruited other underage girls.<sup>[145]</sup> Prince Andrew, Epstein, and Dershowitz all denied having had sex with Giuffre. Dershowitz took legal action over the allegations.<sup>[146][147][148]</sup> Giuffre filed a defamation suit against Dershowitz,

Details of a civil lawsuit, made public in January 2015, contained a deposition from "Jane Doe 3" that accused Maxwell of recruiting her in 1999, when she was a minor, and grooming her to provide sexual services for Epstein.<sup>[22]</sup> A 2018 exposé by Julie K. Brown in the *Miami Herald* revealed Jane Doe 3 to be Virginia Giuffre, who was previously known as Virginia Roberts. Giuffre met Maxwell at Donald Trump's Mar-a-Lago Club in Palm Beach, Florida, when Giuffre was a 16-year-old spa attendant.<sup>[22]</sup> She asserted that Maxwell had introduced her to Epstein, after which she was "groomed by the two [of them] for his pleasure, including lessons in Epstein's preferences during oral sex".<sup>[22][63]</sup>

Maxwell has repeatedly denied any involvement in Epstein's crimes.<sup>[51]</sup> In a 2015 statement, Maxwell rejected allegations that she has acted as a procurer for Epstein and denied that she had "facilitated Prince Andrew's [alleged] acts of sexual abuse". Her spokesperson said "the allegations made against Ghislaine Maxwell are untrue" and she "strongly denies allegations of an unsavoury nature, which have appeared in the British press and elsewhere, and reserves her right to seek redress at the repetition of such old defamatory claims".<sup>[58][64]</sup>

Giuffre asserted that Maxwell and Epstein had trafficked her and other underage girls, often at sex parties hosted by Epstein at his homes in New York, New Mexico, Palm Beach, and the United States Virgin Islands. Maxwell called her a liar. Giuffre sued Maxwell for defamation in federal court in the Southern District of New York in 2015. While details of the settlement have not been made public, in May 2017 the case was settled in Giuffre's favour,<sup>[65]</sup> with Maxwell paying Giuffre "millions".<sup>[66]</sup>

\*SEXUAL DEMANDS - SEXUAL ABUSE RING - TARGETING\*  
\*Sarah Ransome v Epstein and Maxwell (2017)\* - MAXWELL DESTRUCTION OF CAREER PROSPECTS - COMPLY.

In 2017, Sarah Ransome filed a suit, in the United States District Court for the Southern District of New York, against Epstein and Maxwell, alleging that Maxwell hired her to give massages to Epstein and later threatened to physically harm her or destroy her career prospects if she did not comply with their sexual demands at his mansion in New York and on his private Caribbean island, Little Saint James. The suit was settled in 2018 under undisclosed terms.<sup>[9][48][67][68]</sup>

**Affidavit filed by Maria Farmer (2019)**

On 16 April 2019, Maria Farmer went public and filed a sworn affidavit in federal court in New York, alleging that she and her 15-year-old sister, Annie, had been sexually assaulted by Epstein and Maxwell in separate locations in 1996. Farmer's affidavit was filed in support of a defamation suit by Virginia Giuffre against Alan Dershowitz.<sup>[69]</sup> According to the affidavit, Farmer had met Maxwell and Epstein at a New York art gallery reception in 1995. The affidavit says that in the summer of the following year, they hired her to work on an art project in billionaire businessman Leslie Wexner's Ohio mansion, where she was then sexually assaulted by both Maxwell and Epstein.<sup>[70][71]</sup> Farmer reported the incident to the New York Police Department and the FBI.<sup>[52][72]</sup> Her affidavit also stated that during the same summer, Epstein flew her then 15-year-old sister, Annie, to his New Mexico property where he and Maxwell molested her on a massage table.<sup>[73][74]</sup>

Farmer was interviewed for *CBS This Morning* in November 2019 where she detailed the 1996 assault and alleged that Maxwell had threatened both her career and her life after the assault.<sup>[75]</sup>

INTELLECTUAL PROPERTY THEFT - AMERICA INVOLVEMENT IN POSSESSION - MULTIPLI

Epstein attended local public schools, first attending Public School 188, and then Mark Twain Junior High School nearby.<sup>[26]</sup> In 1967, Epstein attended the National Music Camp at the Interlochen Center for the Arts.<sup>[29]</sup> He began playing the piano when he was five.<sup>[30]</sup> He graduated in 1969 from Lafayette High School at age 16, having skipped two grades.<sup>[31][32]</sup> Later that year, he attended classes at Cooper Union until he changed colleges in 1971.<sup>[31]</sup> From September 1971, he attended the Courant Institute of Mathematical Sciences at New York University, but left without receiving a degree in June 1974.<sup>[31][32]</sup>

## Career

### Teaching

Epstein started working in September 1974 as a physics and mathematics teacher for teens at the Dalton School on the Upper East Side of Manhattan.<sup>[31][33]</sup> Donald Barr, who served as the headmaster until June 1974,<sup>[34][35][36]</sup> was known to have made several unconventional recruitments at the time, although it is unclear whether he had a direct role in hiring Epstein.<sup>[33][37][38]</sup> Three months after Barr's departure, Epstein began to teach at the school, despite his lack of credentials.<sup>[38]</sup> Epstein allegedly showed inappropriate behavior toward underage students at the time.<sup>[33][37]</sup> He became acquainted with Alan Greenberg, the chief executive officer of Bear Stearns, whose son and daughter were attending the school. Greenberg's daughter, Lynne Koepfel, pointed to a parent-teacher conference where Epstein influenced another Dalton parent into advocating for him to Greenberg.<sup>[35]</sup> In June 1976, after Epstein was dismissed from Dalton for "poor performance",<sup>[33][39][40]</sup> Greenberg offered him a job at Bear Stearns.<sup>[30][41]</sup>

### Banking

Epstein joined Bear Stearns in 1976 as a low-level junior assistant to a floor trader.<sup>[42]</sup> He swiftly moved up to become an options trader, working in the special products division, and then advised the bank's wealthiest clients, such as Seagram president Edgar Bronfman, on tax mitigation strategies.<sup>[32][43][44]</sup> Jimmy Cayne, the bank's later chief executive officer, praised Epstein's skill with wealthy clients and complex products. In 1980, four years after joining Bear Stearns, Epstein became a limited partner.<sup>[42]</sup>

In 1981, he was asked to leave Bear Stearns for, according to his sworn testimony, being guilty of a "Reg D violation".<sup>[45][32][30]</sup> Even though Epstein departed abruptly, he remained close to Cayne and Greenberg and was a client of Bear Stearns until its collapse in 2008.<sup>[42]</sup>

### Financial consulting

In August 1981, Epstein founded his own consulting firm, Intercontinental Assets Group Inc. (IAG),<sup>[46]</sup> which assisted clients in recovering stolen money from fraudulent brokers and lawyers.<sup>[30]</sup> Epstein described his work at this time as being a high-level bounty hunter. He told friends that he worked sometimes as a consultant for governments and the very wealthy to recover embezzled funds, while at other times he worked for clients who had embezzled funds.<sup>[30][47]</sup> Spanish actress and heiress Ana Obregón was one such wealthy client, whom Epstein helped in 1982 to recover her father's millions in lost investments, which had disappeared when Drysdale Government Securities collapsed because of fraud.<sup>[48]</sup>

Liquid Funding was initially 40 percent owned by Bear Stearns. Through the help of the credit rating agencies – Standard & Poor's, Fitch Ratings and Moody's Investors Service – the new bundled securities were able to be created for companies so that they got a gold-plated AAA rating. The implosion of such complex securities, because of their inaccurate ratings, led to the collapse of Bear Stearns in March 2008 and set in motion the financial crisis of 2007–2008 and the subsequent Great Recession. If Liquid Funding were left holding large amounts of such securities as collateral, it could have lost large amounts of money.<sup>[65][67]</sup>

## Investments

### Hedge funds

Between 2002 and 2005, Epstein invested \$80 million in the D.B. Zwirn Special Opportunities Fund, a hedge fund that invested in illiquid debt securities.<sup>[68][69]</sup> In November 2006, Epstein attempted to redeem his investment after he was informed of accounting irregularities in the fund.<sup>[70]</sup> By this time, his investment had grown to \$140 million. The D.B. Zwirn fund refused to redeem the investment. Hedge funds that invest in illiquid securities typically have years-long "lockups" on their capital for all investors and require redemption requests to be made in writing 60 to 90 days in advance.<sup>[68]</sup> The fund was closed in 2008, and its remaining assets of approximately \$2 billion, including Epstein's investment, were transferred to Fortress Investment Group when that firm bought the assets in 2009.<sup>[68][69]</sup> Epstein later went to arbitration with Fortress over his redemption attempt. The outcome of that arbitration is not publicly known.<sup>[68]</sup>

MEDICAL BUSINESS PLAN 2006 - 2009 - INTELLECTUAL PROPERTY THEFT  
In August 2006, Epstein, a month after the federal investigation of him began,<sup>[71]</sup> invested \$57 million in the Bear Stearns High-Grade Structured Credit Strategies Enhanced Leverage hedge fund.<sup>[68][72]</sup> This fund was highly leveraged in mortgage-backed collateralized debt obligations (CDOs).<sup>[72]</sup>

COMMENTARY SEXUAL TARGETING 2007.

The government began negotiation with Epstein for a plea agreement in mid-2007, as the hedge fund began to collapse.

On April 18, 2007, an investor in the fund, who had \$57 million invested, discussed redeeming his investment.<sup>[73]</sup> At this time, the fund had a leverage ratio of 17:1, which meant for every dollar invested there were seventeen dollars of borrowed funds; therefore, the redemption of this investment would have been equivalent to removing \$1 billion from the thinly traded CDO market.<sup>[74]</sup> The selling of CDO assets to meet the redemptions that month began a repricing process and general freeze in the CDO market. The repricing of the CDO assets caused the collapse of the fund three months later in July, and the eventual collapse of Bear Stearns in March 2008. It is likely Epstein lost most of this investment, but it is not known how much was his.<sup>[73][72]</sup>

\* By the time that the Bear Stearns fund began to fail in May 2007, Epstein had begun to negotiate a plea deal with the U.S. Attorney's Office concerning imminent charges for sex with minors.<sup>[68][71]</sup> In August 2007, a month after the fund collapsed, the U.S. attorney in Miami, Alexander Acosta, entered into direct discussions about the plea agreement.<sup>[71]</sup> Acosta brokered a lenient deal, according to him, because he had been ordered by higher government officials, who told him that Epstein was an individual of importance to the government.<sup>[52][53]</sup> As part of the negotiations, according to the Miami Herald, Epstein provided "unspecified information" to the Florida federal prosecutors for a more lenient sentence and was supposedly an unnamed key witness for the New York federal prosecutors in their unsuccessful June 2008 criminal case against the two managers

RE: Dermatology and Allergy Centre proposal

\* Dear Dr Golding, \*

I would like to take this opportunity to introduce myself, my name is [REDACTED], I have been a resident of Port Pirie for [REDACTED]. In this time it has come to my attention, through my own experience and conversations with the general population, that there is a great need for specialist treatments within our country region. Therefore I am in the process of developing a Business plan for the opening of a Dermatology and Allergy Centre within this region.

The Dermatology and Allergy Centre will combine the services of a Dermatologist, Allergist / immunologist and a Dietician working in conjunction with each other in order to offer treatments to the country population and a referral service for your clients. The centre will assist your clients by reducing the travel costs and waiting periods for consultations usually conducted with metropolitan specialists.

To establish this centre in Port Pirie, I firstly need to gather some statistical information regarding referrals to specialists of a dermatology, allergy / immunology and dietician nature. This information will enable me to access the long term viability of the centre. Therefore I am making contact with you specifically to request access to statistical information from the past 12 months. I understand your clients details are of a private matter and not relevant to my research, therefore I do not require anymore information other than that of a statistical nature.

All aspects of this project are of a strictly confidential matter, including the market research I am currently conducting. This includes customer survey's and the statistical information I am requesting. I would appreciate your confidentiality regarding this business proposal disclosed in this letter.

You may contact me directly to discuss this matter or I can contact you or your staff next week to follow-up this information to make an appointment with you to discuss this further.

I thank you for your time and appreciate your consideration and confidentiality regarding this matter.

Yours sincerely

Dear [REDACTED]

Re: Dermatology and Allergy Centre proposal.

I am sure you are aware that our visiting dermatologist has had to extend his consulting hours, and remains booked several months in advance. I have 4 patients under direct care of consultant allergists, and would happily refer another 8-10 if they could get an appointment anywhere within a reasonable time for an allergist assessment and advice. The Women's and Children's Hospital is only seeing life-threatening allergic conditions due to their excessive waiting list.

I have no doubt an allergy clinic would be supported, but have no idea where you might be able to source appropriate consultant staff for this. Good Luck.

Regards

Dr A P Golding

The business will commence with two specialist services  
Dr Dean Richards MBBS

CHANGE OF BUSINESS NAME

EXECUTIVE SUMMARY

The business, The Specialist Medical Centre, will consist of the services provided by visiting specialists to the centre in the initial stages of operation. They will each provide their services on a two day basis a week. Training of medical students will be encouraged of the visiting specialists. In the initial stages of the business the specialist treatments provided will be that of a Cosmetic specialist, Dr Dean Richards, MBBS, and a Dietician. As the business expands the specialists contracted to operate from the business will be that of a Dermatologist, Allergist / Immunologist, Naturopath, Sports injury therapist, with the business outreaching to many more specialists as the business grows and expands in time. The final outcome of the business is to operate as an agent to centralize various specialist treatments within the rural region on a full-time basis. Medical students will be given the opportunity to train with the qualified specialists, which the centre will then offer the students full time positions within the centre once training has been completed and qualifications have been achieved. The human resource team operating within the business will consist of the owner / manager, [redacted], manager's / specialists assistant, Receptionist / bookkeeper and contracted specialists to the centre. The maintenance, cleaning and accounting of the business will be outsourced.

The centre will operate on an appointment and referral basis offering the local and surrounding rural districts, general practitioners a referral system for their patients which are usually conducted with metropolitan specialists. The centre will assist the rural populations by reducing the travel costs and waiting periods for consultations and treatments. The centre will also provide a variety of natural health and beauty enhancement products for retail. The benefits to the clients will be the eradication of travel and accommodation expenses, waiting periods and loss of wages due to time off for travelling, which are currently required by the rural population due to appointments with the metropolitan specialists.

By conducting market research in the form of customer survey's, letters to general Practitioners, personal experience and conversations with the general population in rural regions, it has come to the forefront that there is a market for these services in this area. In order to bridge this gap and dissolve the disadvantages the populations in rural areas are facing currently by having to incur such things as loss of wages, waiting periods and accommodation costs, the establishment of the centre in the centralized area of Port Pirie has been accessed to be a much needed commodity to this region.

As this is a new business concept being introduced within this region, the opportunity to establish the business within the rural sector has high possibilities of successfully reaching it's goals of becoming a well established, successful business opportunity. By establishing the centre within the township of Port Pirie, it centralizes the services to not only Port Pirie but to all surrounding rural districts, for example, Port Augusta, Laura, Jamestown, Yorke Peninsula areas, Port Broughton ect. As the centre is offering a referral system to the GP'S within these regions, this offers them a service in their region for their patients, eliminating the waiting periods offered currently by using metropolitan specialists, thus reducing the treatments they can offer their patients. By working in conjunction with the GP'S, this will allow the centre to develop a higher percentage clientele base. As this business concept is the first to be established within this region, competition does not currently exist and is

The Department of Health released this concept of the GP Plus Health Care Centre, to be located on Gertrude Street.

Work is underway on the \$12.5 million project, which is expected to be completed by the end of next year.

Work has begun for the construction of a new \$12.5 million GP Plus Health Care Centre in Port Pirie, expected to be completed by end of next year.

The new facility will be built on Gertrude Street, at the site of the YMCA building, near the hospital and will provide physical infrastructure to support the delivery of integrated services, including space for consulting rooms, group meetings, therapy procedures and car parking.

The integrated health service will offer more access to preventative health care and an increase in the range of programs available.

"The new \$12.5m GP Plus Health Care Centre will help Port Pirie residents to prevent and manage chronic disease and stay healthy and out of hospital," said Roger Kirchner, Director of the Mid North Health Services.

Ms [REDACTED]

Dear Ms [REDACTED]

Thank you for your letter of 31 August 2012 about establishing a specialist medical centre at Port Pirie and offering to provide the business plans and research information collected throughout your project.

\* I asked Adjunct Professor Belinda Moyes, Chief Executive Officer, Country Health SA Local Health Network (CHSA), who is responsible for Port Pirie Regional Health Service (PPRHS), to consider your offer and I am advised as follows:

As Ms [REDACTED] may be aware, the PPRHS already provides consulting room facilities for some specialties identified through consultation with the local general practitioners.

In these instances, PPRHS pays the travel allowance and provides hospital accommodation for visiting specialists providing medical inpatient services.

PPRHS also distributes monthly information to all doctors and health units within the town and surrounding area of the specialists' visiting dates and the waiting times to see new patients.

\* The completed Port Pirie GP Plus Health Care Centre, scheduled for September 2013, will also have capacity to provide additional consulting space, if needed  
The nature of what additional medical services may be required is yet to be determined.

The Port Pirie Health Advisory Council has undertaken a 10 year planning process, and is now engaging the local general practitioner in planning how to shape medical services into the future.

If Ms [REDACTED] would like to have input into the development of the Port Pirie GP Plus Health Care Centre, there is a consumer group that she may wish to join. Further information is available by contacting Ms Lisa Cockington, Regional Director, Community Health and Primary Health Care Programs, PPRHS, CHSA, on telephone [REDACTED] or Ms Georgina Bickley, Manager, Environmental Health Centre, PPRHS, CHSA, on telephone [REDACTED]

Thank you for writing to me on this matter.

Yours sincerely

\* Tuesday, 3 August 2010 \*

### **New Chief Executive Officer appointed for Country Health SA**

\* SA Health has today announced that Ms Belinda Moyes \* has been appointed as the new Chief Executive Officer (CEO) of Country Health SA.

SA Health's Chief Executive, Dr Tony Sherbon, said Ms Moyes' background as a proven leader in health makes her the ideal choice for this important role.

"Ms Moyes brings a wealth of experience and knowledge to this role, and I'm delighted she is joining Country Health SA," Dr Sherbon said.

Previously, Ms Moyes has been the Chief Nurse of Victoria since 2000 and has also chaired the National Nursing and Nursing Education Taskforce for two years from 2004.

"In both of these positions, she oversaw very significant changes in the national nursing strategy, as well as significant workforce reforms in Victoria," Dr Sherbon said.

"Ms Moyes has also had significant experience in senior operational hospital management, where she was the driving force behind extensive operational reforms."

Ms Moyes who will be responsible for policy development and planning across rural South Australia has said that she is excited to be joining Country Health SA.

\* "I believe it is really important that people all over SA, including those in country areas, have easy access to a range of health services close to where they live. \*

"I am really looking forward to working with the local communities to build upon the excellent work that has already been done in strengthening the health services for rural, regional and remote South Australia."

Ms Moyes begins as CEO on 27 September 2010.

# Country Health SA launches Inpatient Dashboards for Port Augusta and Mount Gambier

DIGITAL REFERRAL SYSTEM - MSIC

MSIC

Residents of Port Augusta and Mount Gambier will now be able to access up-to-date information about the amount of people being treated in their local public hospitals.

The Country Health SA Local Health Network (CHSA LHN) launched inpatient dashboards for Port Augusta and Mount Gambier Hospitals following the successful release of the metropolitan data earlier this year.

Professor Belinda Moyes, Chief Executive Officer CHSA LHN said the inpatient dashboards provide country residents with an opportunity to learn more about how their hospitals are managed.

"The inpatient dashboard provides detailed information on the number of inpatients at each hospital at any one time," Professor Moyes said.

"South Australia was the first state in the country to make this level of information available to the public and we are excited to extend this technology to country residents."

"Through the dashboard the general public can gain a better understanding about how patient flow is managed in our busy hospital environments."

### How to interpret this chart

This table shows a summary of the status of all inpatient beds in the Port Augusta Hospital (PAHS). In an online environment, you can click on the chosen hospital in the table and the whole dashboard will update to show data specific to that hospital. The dashboard displays occupancy per hospital split across 'general' beds and 'all' beds, breakdown of inpatients, the length of stay, and much more.

Professor Moyes said the dashboard, which is available online, will be updated every 30 minutes to provide real-time information about bed occupancy, average length of stay and inpatient flows.

"The dashboard also includes information specific to each hospital about the number of patients currently within each area or clinical unit at the hospital," Professor Moyes said.

"It allows people to easily see all of the different 'streams' of inpatient care that each hospital provides, such as surgical or pediatrics, and the status of each of these areas."

"Staff already use the dashboard, along with a range of other tools, to help monitor and manage capacity and ensure that patient safety is maintained."

"By releasing this data publicly we are continuing to make our health system more transparent."

### How to access the Inpatient Dashboard

[www.sahealth.sa.gov.au](http://www.sahealth.sa.gov.au)

About us > Our performance > Our hospital dashboards

To see the inpatient data for Port Augusta and Mount Gambier Hospitals go to the SA Health website, and click on About Us, and then Our performance. From there, click on the Inpatient Dashboard, and then click on the country hospital information.

An IP Dashboard glossary and the frequently asked questions document are available online for further information.
