Electoral district of Frome

From Wikipedia, the free encyclopedia

Frome is an electoral district of the House of Assembly in the Australian state of South Australia. It is named after Edward Charles Frome, the third surveyor-general of South Australia. The electorate is based around the industrial city of Port Pirie and the agriculture areas of Clare and Gilbert Valleys. It covers a total of 6,889.7 km² and takes in the towns of Auburn, Clare, Crystal Brook, Gladstone, Laura, Mintaro, Penwortham, Port Broughton, Port Pirie, Snowtown, Tarlee and Riverton.

Frome has existed in three incarnations throughout the history of the House of Assembly: as a multi-member marginal electorate from 1884 to 1902, as a single member electorate in a multi member electoral system from 1938 to 1977, and as a marginal to moderately safe seat for the Liberal Party of Australia since 1993.

The first incarnation was, like the rest of the state, independent-held until the development of the party system until in the 1890s. The two seats were split evenly with a conservative and a liberal member from 1890 until the seat's abolition in 1902.

The second incarnation began in 1938 after the introduction of the Playmander. The electorate was dominated by the Labor-voting town of Port Pirie as a single member seat. The seat was won by Mick O'Halloran, who served as Opposition Leader from 1949 until his death in 1960. After the end of the Playmander which saw all electorates hold approximately the same number of voters, Frome took in more rural areas around Port Pirie, and was lost by Labor to the Liberal and Country League, until the abolition of the seat in 1977.

The third incarnation saw the seat revived at the 1991 redistribution as a marginal seat, which took in Port Pirie and surrounding rural areas. It was first contested at the 1993 election and was won by Liberal candidate Rob Kerin.

Kerin chose to retire in November 2008, which triggered a January 2009 Frome by-election. The seat was won by independent Geoff Brock after a very close preference contest in which Brock finish second place by 30 votes, with the Liberals in front and Labor coming third. Brock received sufficient preferences from the eliminated Labor candidate to prevail over the Liberal candidate by over 600 votes, or 51.7 percent of the two-candidate preferred vote. He increased his primary and two-candidate vote significantly at the 2010 election, and the Labor candidate notably won the two-party preferred vote against the Liberal candidate by 30 votes.

Miss [REDACTED]

Dear Miss [REDACTED]

Thank you for your letter of 18 September 2009 about the establishment of a Specialist Medical Centre in Port Pirie.

SA Health recognises and encourages private medical services to be established within rural communities. SA Health and Country Health SA (CHSA) have a long established history of working collaboratively with private medical practitioners in the provision of health services to the residents of local communities.

Currently, CHSA and the local Health Advisory Council for Port Pirie are engaged in a 10 year health service needs and planning process. This process will identify the needs of the local community and support the planning of long term health services to meet those needs. You may wish to consider discussing your proposal to establish the Specialist Medical Centre in Port Pirie with Mr Roger Kirchner, Director Mid North Cluster, CHSA on telephone 8638 4575.

Thank you for bringing this matter to my attention and I trust this information will be of assistance to you.

Yours sincerely

Ms. [REDACTED]

Dear Ms [REDACTED]

I write in response to your letter dated 23 April 2013 in which you are seeking information on the meetings that have occurred during the year of 2009 between you and I so you can provide this information to the Minister for Health.

I can confirm that we have met on two occasions to discuss your proposed Business Plan and research and that these meetings were held on 11 December 2009 and 5 February 2010, as arranged by my then Executive Assistant, Ms Jemma Salvemini.

I also understand that you would like information on the role of the Port Pirie Health Advisory Council (HAC) and that you are considering applying to the HAC to become a member. Can I please suggest that you write to the HAC expressing your interest in becoming a member and ask that the HAC consider your nomination. The letter can be made attention to Mr Barry Hay, Presiding Member of the Port Pirie Health Advisory Council, PO Box 546, Port Pirie SA 5540.

I will be in contact with you shortly to discuss the role and function of the HAC.

Yours sincerely

Ms [REDACTED]

Dear Ms [REDACTED]

Thank you for your letter of 31 August 2012 about establishing a specialist medical centre at Port Pirie and offering to provide the business plans and research information collected throughout your project.

I asked Adjunct Professor Belinda Moyes, Chief Executive Officer, Country Health SA Local Health Network (CHSA), who is responsible for Port Pirie Regional Health Service (PPRHS), to consider your offer and I am advised as follows:

As Ms [REDACTED] may be aware, the PPRHS already provides consulting room facilities for some specialties identified through consultation with the local general practitioners.

In these instances, PPRHS pays the travel allowance and provides hospital accommodation for visiting specialists providing medical inpatient services.

PPRHS also distributes monthly information to all doctors and health units within the town and surrounding area of the specialists' visiting dates and the waiting times to see new patients.

The completed Port Pirie GP Plus Health Care Centre, scheduled for September 2013, will also have capacity to provide additional consulting space, if needed. The nature of what additional medical services may be required is yet to be determined.

The Port Pirie Health Advisory Council has undertaken a 10 year planning process, and is now engaging the local general practitioner in planning how to shape medical services into the future.

If Ms [REDACTED] would like to have input into the development of the Port Pirie GP Plus Health Care Centre, there is a consumer group that she may wish to join. Further information is available by contacting Ms Lisa Cockington, Regional Director, Community Health and Primary Health Care Programs, PPRHS, CHSA, on telephone 8638 4505 or Ms Georgina Bickley, Manager, Environmental Health Centre, PPRHS, CHSA, on telephone 8638 4100.

Thank you for writing to me on this matter.

Yours sincerely

Dear Client,

Application for Registration of a Business Name

I refer to your application (Ref: **891020**), to register the above business name. The Office of Consumer and Business Affairs (OCBA), incorporating the Corporate Affairs Commission, is considering refusing your application under Section 8(4) of the *Business Names Act 1996* (the Act).

OCBA believes the name is likely to be confused with, or mistaken for the registered name(s):

However, before OCBA decides, we give you the opportunity to provide us with:

1. any further information or arguments that might influence OCBA's decision (this process can take up to 4 weeks); or
2. a letter withdrawing your application (application fees are **non refundable**); or
3. another name or names (up to 3) for OCBA to consider.

Please note: Further name choices should be substantially different from your previous name choice. Adding non-descriptive words e.g. services or solutions, changing plurals to singular or vice versa, or adding acronyms e.g. SA to your original name choice is unlikely to change OCBA's opinion.

3.1

3.2

3.3

OCBA invites you to pursue any one of these 3 options within 28 days. If you have not responded, on **9 June 2011**, OCBA's decision will be that your application is refused. You will **not** receive further notice and you will not be entitled to use the name [REDACTED]

Should this occur, you have the right to appeal against OCBA's decision to the District Court under Section 16 of the Act within 21 days thereafter.

Should you require any further information, please contact the office on 1300 138 918.

Yours faithfully,

Richard Forster

DE-REGISTERED FROM GST CLAIMING SET UP COSTS -
REDUCING FUNDING | SOURCE OF FUNDS - RESULTING IN CLOSURE
OF THE BUSINESS

- the ATO is not satisfied that the supplier has reimbursed the GST incorrectly included in the price to the recipient (subparagraph 105-65(1)(c)(i) of Schedule 1 to the TAA); and
- the recipient is registered or required to be registered for GST purposes (subparagraph 105-65(1)(c)(ii) of the TAA).

Furthermore as a general rule, the ATO will not exercise the discretion to allow a refund or credit in accordance with subsection 105-65(1) of Schedule 1 to the TAA if the supplier has not first reimbursed the recipient.

In your activity statements for the above mentioned periods you have reported sales and subsequently remitted GST. Once you can show proof of reimbursement of the GST portion of your supplies to the recipient of the supply we will refund the GST remitted.

Issue 2

Section 11-5 of the *A New Tax System (Goods and Services Tax) Act 1999* (GST Act) requires that for the purchase to be creditable, it must be for a creditable purpose, supplied to you as a taxable supply for which you are liable to provide consideration and that you are registered.

Section 382-5 of Schedule 1 to the *Tax Administration Act 1953* (TAA) requires that you keep records. If you give the Commissioner a return for GST that is attributable to a tax period under subsection 29-10(4) of the GST Act you must keep records that record and explain all transactions and other acts you engage in that are relevant to the acquisition or importation in question; and you must retain those records for at least 5 years after the return was given to the Commissioner.

One of the key considerations for correct attribution is when you hold a tax invoice. Subsection 29-10(3) explains that if you do not hold a tax invoice for an acquisition when you lodge your activity statement for the tax period to which the input tax credit would otherwise be attributable:

- (a) the input tax credit (including any part of the input tax credit) is not attributable to that tax period; and
- (b) the input tax credit (or part) is attributable to the first tax period for which you give the Commissioner a GST return at a time when you hold that tax invoice.

We have determined that you did not possess tax invoices when you lodged your activity statement/s. This is because despite our request you have not produced these documents. You therefore have no entitlement to any input tax credits for the tax periods 1 January 2011 – 31 March 2012.

- * You claimed GST on purchases of \$7,043 at label 1B of your activity statement for the period/s 1 January 2011 – 31 March 2012.

In accordance with section 105-5 of the TAA the Commissioner has assessed that you are not entitled to the credits claimed during the period 1 January 2011 – 31 March 2012. As a result of this assessment, Label 1B will be reduced to \$nil and Label 1A has been adjusted from \$570 to \$57 as shown on your copy of the activity statement that you provided us.

Please refer to the *summary of activity statement revisions* that is attached.

Reasons for our penalty decision

Penalty shortfall amount and tax period

Section 284-75 of Schedule 1 to the *Taxation Administration Act 1953* (TAA) imposes an administrative penalty if you make a statement to us which is false or misleading.

We formed our view of the facts by relying on this information:

Activity statements lodged for the tax periods 1 January 2011 – 31 March 2012

Our decision:

Issue 1

Are you entitled to be registered for GST?

NO.

Issue 2 - CLAIMING ESTABLISHMENT COSTS.

Are you entitled to the GST credits claimed on Business Activity Statement/s lodged for the tax period/s 1 January 2011 – 31 March 2012

NO.

Why we have made this decision:

Issue 1

Section 25 of the A New Tax System (Goods and Services Tax) Act 1999 (GST Act) provides that the Commissioner must cancel your GST registration if he is satisfied that you are not carrying on an enterprise.

Section 9-20 of the GST Act provides that an enterprise is an activity, or a series of activities, done:

- (a) in the form of a business; or
- (b) in the form of an adventure or concern in the nature of trade; or
- (c) on a regular or continuous basis, in the form of a lease, licence or other grant of an interest in property.

* However, an enterprise does not include an activity, or series of activities, done as a private, recreational pursuit or hobby.

In conjunction with section 9-20 of the GST act amongst some of the indicators that tell us a business enterprise being conducted are an intention of making a profit and a reasonable prospect of profitability, existence of a business plan, keeping of detailed business records, commercial sales of product &/or skills, exercise of knowledge of skill (*Taxation Ruling TR 97/11*).

You have not supplied any of the requested information, such as a business plan, business registration, details of your client base or advertising intentions that demonstrates that you are, in fact, running an enterprise.

Furthermore, you have not shown a profit since you first commenced this business nor have you provided any evidence showing any expectation of profit from this business.

* Therefore your GST registration will be cancelled effective 31 December 2010.

* As our decision is that your activity does not constitute an enterprise, you are not required to be registered for GST or report GST on your sales.

Subsection 105-65(1) of Schedule 1 to the Taxation Administration Act 1953 (TAA) provides that where goods and services tax (GST) is incorrectly included in the price of a non taxable supply, the ATO is not obliged to refund or credit the overpaid amount to the supplier when one of the following conditions are met:

DENIED FUNDING - PORT PIRIE COUNCIL - PORT PIRIE SA HOUSING
GOVERNMENT - IN DEVELOPMENT 2020 - GOVERNMENT AND KADINA
COUNCIL - UNDER THE REGISTRATION OF JC INNOVATIONS 2019

12 / 10 / 2016

As a suggestion : Port Pirie Housing Project - Youth Housing - Under 25 years of age

For example

Abandon housing to be utilized for cost effective renovations suitable for youth housing and targeted at the age range of 25 years of age and under - Low maintenance gardens / yard areas
Minimum bond required - Lower priced bracket, rental payments required - Inspections as per dictated in rental agreements - Group housing encouraged.
Strictly for disadvantaged, unemployed, emergency housing, youth, under 25 years of age.
Example - Rental payments - \$150.00 - \$200.00 price range, week
Example - Bond required - Minimum, 1 month bond required

Individual Payment Scheme - Individual responsibility of payments - Rent, Bonds, Utilities

Rental agreements - Individually based according to payments of rental payments, bonds required, utility accounts
Individually based payments - Each individual is recorded on the rental agreement as being responsible for their share of the rental payment, bond required and utilities required.
As per individual - Missed payments - Individual is given a warning of eviction and is required to forfeit their share of the bond upon this occurrence and is individually evicted without this eviction affecting the other residence of the property.
Utility payments required as per individually based and is the responsibility of the individual.
Utility accounts are separated into an individual sum of the total - Split payments of the account total and placed into the individuals name as the share of responsibility
Bonds - Bonds are separated into individual payments of the total sum and responsible by the individual
Rental payments - Payments are separated into individual payments of the total sum and responsible by the individual

Example : Rental agreement - Group Housing - Rental payments - Bonds

Bond required - \$400.00 - 1 month bond - \$200.00 per week
Group Housing - 3 individuals - Bond split 3 ways - Rental payments split 3 ways
Each individual is registered upon the one rental agreement and is individually responsible for their share of the payment, splitting the total sum of the account into three individual payments - Including bonds required and utility accounts applied

Concerns :

Eliminates shortage of housing for the youth due to damages occurring within the housing sector to rental property's - specifically for the youth taking into consideration, age factors, responsibility factors, care of oneself as an individual, creates a sense of responsibility for individual payments of the cost of living, specifically group housing.

Eliminates the stress factor of payments required which is the responsibility of the individual and not that of a whole or sole responsibility according to the name registered on the rental agreement, bonds and utilities.

Eliminates the effect on individuals - Group housing of payments or eviction.

Eliminates and lowers accumulated debts of rental payments, bonds, utility accounts as a whole

Damages of property are to be expected due to the learning of the youth, but remain the responsibility of the individual - Bonds required - Cost effective renovations of the housing with this factor considered.

MS [REDACTED]

Dear Ms [REDACTED]

Thank you for your Personal Loan application for \$6,000.

We have carefully assessed your application and unfortunately it has been unsuccessful based on your current financial circumstances. This decision was based on information received from the credit reporting body, Veda Business Information Services Limited.

Loan amount:

\$6,000.00

What you need to know

When we make a decision about whether to provide you credit, we consider a number of factors, including information we already hold about you, new information that you provide in your application and credit history information provided by credit reporting bodies.

Factors that can be taken into account include the adequacy of your income to meet repayments on an ongoing basis, your other debts and financial commitments, the length of time you have been employed and your credit history, including any bankruptcy, defaults, serious credit infringements, the number of applications for credit you may have made and any recorded payment defaults.

In your case, one of the factors that led us to decline your loan application was credit history information we obtained from Veda Advantage (and in some cases Dun & Bradstreet) for the purposes of assessing your application.

What Next?

If you would like a free copy of your credit information file from a credit reporting body you can request this within 90 days of this letter from:

- Veda Advantage Information Services and Solutions Limited – www.veda.com.au
- Dun & Bradstreet (Australia) Pty Ltd. – www.checkyourcredit.com.au

We recommend you regularly check the accuracy of information held on you by credit reporting bodies, as incorrect information may affect your ability to obtain credit.

We're here to help

We would like to be able to help you reach your financial goals and we invite you to re-apply at a later date. Personal circumstances can, and do, change over time, so please stay in touch and we will be happy to meet with you to discuss your needs.

For information about accessing, correcting or making a complaint about the credit information that we hold about you, please visit commbank.com.au (follow the Privacy Policy link) to view the most recent copy of our Group privacy policy.

Yours sincerely,

25th June 2019

Dear Mr Gates,

I would like to introduce myself, my name is [REDACTED] and i am a resident of South Australia. I have resided in numerous small communities of South Australia and various city locations within Australia. While residing within these numerous locations i have been involved in submitting various suggestions of infrastructure changes and new ideas to make improvements to the districts communities facilities and established Infrastructures which has been recognised and implemented within the districts councils and development boards.

My qualifications include Small Business Management, Business Administration and i have developed numerous written business plans and proceeded to develop the concepts to the completed stages of establishment.

Registered businesses include :

[REDACTED]

I have also developed my skills into that of writing novels and currently have a publishing contract with Austin Macauley Publishing, London, U.K and the release of my first book will be this year, with two subsequent books to be submitted and published over the next couple of years.

I have been made aware of your remarkable interest and contributions to community projects, worldwide issues and scientific research through my partner who is currently a Professor and Director of Research at the University of Adelaide, South Australia.

I have contacted you to submit numerous business concepts / ideas and a scientific concept / development that I have developed and designed that addresses issues within various geographical locations within Australia and across the world, and of which may be of interest to you, and, or to be considered for development.

The Youth Housing Project, Port Pirie was submitted to the Port Pirie Council who proceeded to submit the project to the South Australian Housing Commission who then proceeded to submit it to the South Australian Government. It was then reviewed and considered but was rejected for funding and development by the South Australian Government, but i was not made aware of the reasons behind the project being rejected.

Although this development was designed for the region of Port Pirie to facilitate the resources available i do feel that there is insufficient resources available Australia and worldwide within this area of development for the public and feel that the concept can be used as a model to develop and construct this concept to facilitate the shortage of affordable housing for the youth who wish to relocate to different locations for employment or move out of home for various reasons and should be considered.

The Housing Project, Glenside was developed and designed in consideration to the vacant and abandoned buildings that surrounded the grounds of the hospital and was submitted to the manager of the hospital in February 2017 for consideration but was rejected as I was informed that the vacant buildings were allocated to another development. I am unaware whether the development was submitted for consideration with any other department, including the South Australian Government, although I have been made aware that the concept was developed into the form of student housing / apartments that were developed in other locations after the dated submission of the project, of which I received no acknowledgment.

I would also like to raise the concern and awareness of which I feel is a worldwide issue and refers to the viewing material on Porn sites that is projected and marketed to society in the form of suggestions of committing illegal actions and immoral behavior, for example, to name a few :

Teachers with students

Family members conducting actions of incest

Animal sex

Older men engaging sexually with young girls and or taking their virginity

Rough / Violent / Abusive sex

Labelling women as sluts

I believe this raises the question of what impact this material may have Psychologically on the viewer, the public, which could manifest into that viewer conducting themselves in such behavior and illegal actions.

I also feel that in regards to the legal age of 18 of people who can enter into the sex trade should be scrutinized and reviewed as being too young. As a teenager, an under developed mind that does not yet have the experience or knowledge of life experience to make mature decisions or to be responsible within their actions and are denied the right to drink or acquire a licence in some countries based upon this evaluation until the age of 21, therefore how can they make or be capable of making this decision as a mature adult. I do feel that this is an issue within our society and is damaging to the youth, to society and is placing society in real danger, manifesting in sexual crimes and abuse being committed and the inexperienced youth being taken advantage of and being introduced to criminality in the form of alcohol abuse, drug use, violent, intimidating behaviour and crime figures which lead to Prostitution.

I feel that this issue needs to be urgently raised with governing figures and addressed seriously to be reformed, restructured which leads to the bill of decriminalizing Prostitution that opens the door to criminality and criminal figures to operate legally within this industry, to be denied and rejected to discourage this kind of practice within society and to protect society and the youth from criminal activity.

I am raising this concern, your awareness and offering my perspective as a concerned member of the public in the instance that you may have the same perspective and may be in a position or have influence to bring this issue into awareness within the public or the correct people and or governing figures which may result in action being taken.

Dear Nicole Ross,

I am writing to attract your attention on a number of business concepts that i have prepared during the past years, for which i am seeking support, either financially or logistically, or both. All of these aim to address issues of our modern society and support disadvantaged communities as well as advancing other areas, including medical science and research.

Over the past decades, i have resided in numerous small communities of South Australia and various city locations within Australia. During that time, i have submitted various suggestions of infrastructure changes and new ideas to make improvements to the districts community facilities and established infrastructures.

In several instances, these suggestions have received positive feedback and, where possible, were implemented within the relevant district councils and development boards. However, several have not been submitted or received the attention they deserve and therefore remain open to development and implementation.

I am well aware of your remarkable interest and contributions to community projects, worldwide issues and scientific research and therefore upon your interest i am able to submit four concepts for your consideration, which have been constructed into executive summaries, taking advantage of my qualifications and expertise in the field of Small Business Management and Business Administration, hoping that they will be of interest to you and your foundation to the extent that you would consider them for development in Australia and/or other countries.

The projects include: a Youth Housing Project ; a Food Waste Management Project ; a Decontamination Project to prevent microbial infections ; and a Targeted Human Cell Administration Project with the objective of directly targeting cancer cell masses within the body, with the potential of advancement to address other medical issues.

As the proposed projects are of a Confidential nature, i will request your confidentiality on the concepts and information provided if considered for your review and upon submitting.

I would appreciate your feedback on these different projects and remain available to provide any further details as needed.

I thank you in advance for your consideration and look forward to hearing from you.

Sincerely and respectfully

**DENIED FUNDING - MADEC, KADINA - GOVERNMENT
ESTABLISHMENT OF JC INNOVATIONS**

25th March 2020

MADEC - KADINA BRANCH

FUNDING - WEBSITE DESIGN - SHINETECH

As discussed and requested I have included the following for your review:

- Executive summary
- 1st year projection spreadsheet / income generated
- NDA
- Costings / overheads
- Hourly income / hours
- Financial Quote / website development

As informed with a meeting with Alison I have been offered a 3 month free trial of Shinetech services for the website development with the intention to continue if satisfied to enter into a contract of continual services with this company, which was offered for a short term contract in the beginning stages of 1 month after the completion of the 3 month trial.

The website design development has been quoted as \$50,000 for the website and an additional \$20,000 for the mobile app, which is connected to the website for convenience to the customer to access the website from any location.

I am in negotiations with Shinetech on a developmental and monetary basis to develop the website and launch it with the view to be continued after the 3 month free trial period.

I am negotiating terms of payment required for the development which include :

- Initial start up date - May 2020
- 1 month free trial period for customers - visitors to the website
- 2 months of membership payments from customers which will generate income
- 2 months membership payments to be collected and used as an initial lump sum payment to Shinetech after the free trial period towards the costings of the website development
- On going payment plan with Shinetech for the website development

FUTURE DEVELOPMENTS - SHINETECH - UNDER DISCUSSION AND NEGOTIATIONS

I am currently in discussions of further developments with Shinetech which include the development of 2 commercial products with a view to a worldwide market of sales and mass production, which Shinetech have expressed their interest in investing in these developments. As costings / quotes for the product development are still being negotiated I do not have this information and can not supply it at this point in time. I do intent to financially invest in these further developments using the surplus of income generated from the launch of the website.

I have included the following for your review:

- 1st Year projection spreadsheet - Development 1
- Executive summary - Development 1
- Executive summary - Development 2
- NDA

I would like to apply for maximum funding that can be provided as support for the website development which is the first development of my registered business [REDACTED] with a view to further develop the business to its full potential and aid the further developments in discussion with Shinetech.

The business [REDACTED] is a business that is under construction and incorporates numerous business concepts, commercial products and medical and scientific research projects, which I am currently researching universities in Australia and China to develop the projects to their completion.

I am currently researching the interest of investors to invest in my business as a financial means to develop the business to completion and reach its full potential.

I appreciate your time and consideration regarding this matter and application.

Kind Regards

DEVELOPMENT PROJECTION REPORT - FUNDING APPLICATION

STAGE 1

Website design - PENPALS - Initial Funding Application - Worldwide
Shinetech, China

- Development quoted - Website design and development - \$50,000
- Additional features / projections - Mobile app connected to the website - Quoted - \$20,000

Development Stages :

1. First stage will start from a small workshop which lasts days or two weeks at most. In the workshop we will discuss and define the vision and business target, release plan, major functions and priorities and evaluate and choose the most suitable technologies to use. In this period we also make interactive diagram (wireframe), sitemap, flow charts, discuss the UI / UX strategy (style, colour, fonts, ect). At the end of the workshop we will be able to develop a successful footpath for the whole project. The main delivery of the workshop consists of wireframes, decisions specified and technology stacks ect.
2. Stage 2 will mainly design the UI /UX of the product in details. Define the VI strategy and how the main functions are designed and how users use the system. The main outputs of the stage will be UI / UX assets in PSD or AI format.
3. Stage 3 will be the main development. The output of the stage will be the executable application and is ready for customers to use.

Free Trial

Free trial to our potential clients who have long term development requirements to contract our developer(s) under full time and ongoing Time & Material contract for 3 + months, and please be kindly noted that the free trial is not applicable to short term and one off software development requirements. The free trial is usually scoped for less than one man week (40 hours), you are welcome to test our developer with a measurable piece of work without any commitment of the contract and cost, through which you can see whether the recommended developer is qualified for your requirements, both technical competency and cooperation process' smoothness like communication initiatives, thinking styles, work process, agile minded, sense of being proactive, ect. If the free trial isn't satisfying we can just leave it there or we can find out other candidates for you upon your request. And if the free trial proves good and you are satisfied with it we hope you have the plan to contract the proven developer right after the free trial is completed. And we may start our official cooperation from a short term contract like one month until you build enough confidence with us and are comfortable to commit to longer term contract with Shinetech.

STAGE 2

Computerized Shop Assistant - Vehicle Locator - Further Developments - Worldwide
Shinetech, China

Development Stages:

1. From below information I mainly understood what you want. Also we have long-term cooperation manufacturer located in Shenzhen who can help for mass production of the products. To move forward I think first stage should be to design the products. The design of the products have been submitted to Shinetech which resulted in further discussions via Skype services in which they expressed their interest in investing in these products.
2. Ok, I will check more with that. Also I need a lot of internal discussions. Please be patient. I am still waiting to obtain further information regarding the development and productivity of these products once the company have discussed the project internally in full.

STAGE 3

Scientific and Medical Research Projects - Further Developments - Worldwide
Peking University / Beijing University - Arts, Science, Law, Medicine, Engineering, Agriculture
Pure and applied research - Department of Biomedical Engineering

- Decontamination Project
- Mental Health Hormonal Imbalance Disorder project
- Targeted Cell Administration project
- Seaweed Discovery project

All project development fundamentals have been completed and I have conducted research for suitable university's which will meet the criteria of developing the projects to successful completion. I am currently in the process of contacting the desired university, Peking University in regards to the development of these projects and developments and the preferred candidate to lead these projects has been assessed.

- Tu Youyou - Pharmaceutical Chemist and Educator

2016 State Preeminent Science and Technology Award

STAGE 4

Business Developments - Further Developments - Worldwide
Cupids Café / Connected website - Travel Mate / Connected website - Drive Thru Coffee Hut -
Snack Shack
Shinetech - Website Development

Website Development Stages:

1. First stage will start from a small workshop which lasts around 2 weeks. In the workshop we will discuss and define the vision and business target, release plan, major functions and priorities and evaluate and choose the most suitable technologies to use. In this period we also make interactive diagram (wireframe), sitemap, flow charts, discuss the UI / UX strategy (style, colour, fonts ect). At the end of the workshop we will be able to develop a successful footpath for the whole product. The main delivery of the workshop consists of wireframes, decisions specified and technology stacks, estimated work amount and cost for the subsequent stages, ect.

2. Stage 2 will mainly design the UI / UX of the product details. Define the VI strategy and how the main functions are designed and how the user will use the system. The main outputs of the stage will be UI / UX assets in PSD or AI format.

3. Stage 3 will be the main development. The output of the stage will be the executable application and is ready for customers to use.

The cost for the two weeks shall be US\$3,200 - AUD\$5,246.75.

All fundamentals of the projects have been completed. The costings of these developments has not yet been determined and more information needs to be obtained and continued research into these areas will be conducted to develop these projects to establishment and completion.

STAGE 5

Government Developments - Further Developments - Worldwide
Youth Housing Project - Food Wastage Project

The fundamentals of these projects have been completed. Government involvement and funding is necessary for each project and is subject to the terms and funding of the government in governance at the time of development and will require contact with the governing government and discussions regarding the future progress and required funding of the projects.

Dear Diane,

Thank you for your quick response to the referral by Allison Brougham, Madec, Kadina.

I have attached the MADEC funding application documents, 7 attachments, that i have sent to Allison currently in regards to the business [REDACTED] that is currently under development and for your review and knowledge so that we are able to talk more in depth about the development when we make an appointment time to do so.

I am currently at the stage of seeking investors to fund the developments and have made the following enquiry's and letters of funding opportunity in order to attract their interest via email and postal letters:
Gai Waterhouse
Ann Churchill Brown, RE: Nicole Kidman Foundation -Shanahan Management
Bill Gates
Andrew Forrest

I am also in the process of applying on ANGEL INVESTMENT SITE to seek investors for funding and also have an appointment with Insurance Advisernet, Stella Monteleone for required insurance needs and obtaining an insurance quote for the first stage of development, the Social Media Website.
The company Shinetech, China, i am currently in collaborations with regarding the technical development of the websites, security program and commercial products and are also helping me to send letters to the required university's in China for the Medical and Scientific Research projects. This company has shown interest in investing in two of the commercial products, Vehicle locator and Computerized Shop assistant but do not have any other investment or interest in the company as far as partnership, control or direction. [REDACTED] is owned and controlled directly 100% by myself as the director and owner of the company, unless negotiated further in detail and negotiated terms with any investor at this stage.

I would like to allow you to review the documents of the business firstly over what time is considerate for you, but i will be available to talk more in depth next week if this is convenient for you.

Hi Alison & [REDACTED]

It certainly seems that you would be eligible and benefit from the program. I can ask our trainer to give you a call if you like to see what stages you are currently at, and where we would be able to start your process of opening for business.

In the meantime, are you able to tell me a bit about your business? What level of funding are you looking for? How much of the business have you developed? What influence will the Chinese company have on your business, i.e. will they be a partner or be able to control your direction? (As a NEIS business, you must maintain control of your business with at least 51% ownership).

When you can respond to this, we can have further discussions

Good morning Dianne,

I have been supporting one of our DES Jobseekers [REDACTED] who is seeking investors to fund the development of her business. She has business training already and is really looking for mentorship and support with funding – advocacy – to get her business idea off the ground. She has the business plan and stages all lined up and has already had numerous discussions with a Chinese company who are very interested in her business idea/products.

I believe she may find the NEIS program valuable. Can you please make contact with [REDACTED] either tomorrow or next week for an initial chat to see if the NEIS program can be of benefit to her?

[REDACTED] number is [REDACTED] and I have cc'd [REDACTED] into the email as well so you have her email address.

What you need to know

We've carefully reviewed all the information you've given us but are unable to offer you this credit card.

We take responsible lending seriously. Unfortunately, your application does not meet our current lending criteria.

If your circumstances change you may wish to apply again. We will assess your next application based on the information you provide us at that time and our current lending criteria.

We're here to help

If you've got a question, or need more information, call us on 13 2221. You can also drop into your nearest branch where one of our team will help you.

Yours sincerely,
