Dear Jacqueline

A change to your percentage of care

We are writing to advise that the Child Support Agency (CSA) has recently received information about your percentage of care for Clinton. We have used this information to update our records.

Our records now show you have:

- 0% care of [REDACTED] from 2 February 2011. - COURT ORDERED RELOCATION TO MELBOURNE

What this means for you

Your child support assessment has changed.

From 2 February 2011 to 31 August 2011 your child support amount is \$168.67 per month.

From 1 September 2011 your ongoing child support amount is \$183.00 per month.

Your updated percentage of care will continue to apply unless any carer of the **child/ren** notifies the CSA or the FAO of a change in care.

The change to your percentage of care does not affect your child support assessment.

The percentage of care will be in place until any carer of the **child/ren** notifies the CSA or the FAO of a change in care.

We have enclosed a copy of your new assessment.

We will continue to pursue the outstanding child support amount of \$168.67 Darren owes. If you do not want the CSA to do this, please let us know.

Important

The Child Support Agency (CSA) and the Family Assistance Office (FAO) use the same rules to work out your percentage of care for child support payments and family assistance payments. As you are a customer of both CSA and FAO, you only need to contact one agency with details of a change in care and the other agency will update your details automatically. The CSA and FAO may give effect to your change in care from different dates.

To ensure that your child support assessment is based on your current situation, you need to tell us of any changes to your circumstances, such as care, income and employment status or contact details. In most cases, we can only make the change from the date you let us know. You can do this through CSA's secure internet service CSAonline, by phone or in writing. To find out more about CSAonline go to www.csa.gov.au and follow the link.
