Dear Vicki Chapman, Deputy Attorney General,

As informed by email contact to your official email I am contacting you to inform you of a criminal matter involving SA health and members of Port Pirie, South Australia in relation to Intellectual Property Theft of two business developments within the medical industry that I had developed between the years of 2007 - 2011, under the guidance and aid of The Regional Development Board, Port Pirie, South Australia as a registered client and applied funding - As supplied in the Timeline of Events and evidence to support and verify this claim in documented form.

I am requesting your urgent attention and assistance in this matter to investigate this further and to resolve this matter.

I have collected and recorded this event in detail for the duration of 11 years in recording details, names, sources, phone numbers, reports, events and official documentation of each event and illegal conduct. This information was submitted and supplied to I.C.A.C in 2016.

I have also supplied this information to Steven Marshall MP, Premier of Australia, South Australia, Austin Macauley Publishers, London who I am currently under contract with and Kathleen T Zellner, US attorney in a collaboration of bringing this matter to justice.

The Intellectual Property Theft occurred between the years of the business plans development and occurred in Port Pirie and the SA Medical Association and is now owned and operated by SA Health, and escalated into a vicious damaging timeline of events that has impacted upon my life destructively creating hardship in every area of my life , emotionally, mentally, physically and financially and has affected any people connected to me - as outlined in the Timeline of Events.

I am requesting a full investigation and assistance in this matter and am seeking that these crimes committed against me and the individuals involved be brought to justice, to be recognised as the developer of the medical developments, financial gain, financial inclusion for the duration of the business, justice and compensation for the crimes and damages that occurred thereafter - targeting to cover up the event.

As my telecommunication systems have been compromised and affected by this crime including mail interception, tampering, hacking of email and phone services, blocked and altered, blocked services within Australian Postal systems I ask for all correspondence to be conducted through the Kadina Council Chambers, Kadina by certified mail or personal contact as a precautionary measure and security.

I urgently require your assistance and appreciate your time and consideration concerning this matter.

Yours Sincerely

Jacqueline Pearce

Dear Ms Pearce

I write in response to your letter dated 31 December 2019, enclosing a package of documents relating to your complaint.

I have reviewed your correspondence and the associated documents. I understand that your primary concern is that employees of SA Health allegedly stole your business development plans in Port Pirie between 2007 and 2011.

While I appreciate receiving your correspondence, I am unable to investigate this matter as it falls outside of my portfolio responsibilities. Matters relating to SA Health fall within the portfolio responsibility of the Minister for Health and Wellbeing, the Hon Stephen Wade MLC. You may wish to raise your concerns with Minister for Health and Wellbeing directly. You can write to his office at GPO Box 2555, Adelaide SA 5001.

I have not referred your correspondence to the Minister for Health and Wellbeing in the usual course given your reference to your complaint to the Office of Public Integrity. I remind you that section 54(3) of the *Independent Commissioner Against Corruption Act 2012* prohibits the disclosure of information that is connected to a matter that forms or is the subject of a complaint under that Act, except in very limited circumstances.

I suggest that you consider obtaining independent legal advice in relation to these matters. The Legal Services Commission of South Australia provide a free advisory service on most legal matters. The service is available by calling [REDACTED] or [REDACTED]

I also note your comments about the decriminalisation of sex work in South Australia. The Statutes Amendment (Decriminalisation of Sex Work) Bill 2018 was introduced into Parliament by the Hon Tammy Franks MLC. The Bill failed to receive the votes required in the House of Assembly on 13 November 2019. While I respect the views of my Parliamentary colleagues, it is disappointing that the Parliament denied the Bill passing to the Committee Stage.

EFTA00267860

In my view, the practice of the sale of sex has existed since time immemorial, and will continue to exist without the passage of the Bill through the Parliament. Unfortunately, the practice will occur without the protections that could have been afforded to sex workers under the Bill. Sex workers remain in a position where their health, welfare and safety is a risk and where they may be prosecuted for their work. I will consider any new legislation to decriminalise sex work that may be brought before the Parliament in the future.

Thank you for raising your concerns with me.

Yours sincerely
