Yes of course you'll do it baby I have total faith in you because your so passionate and smart!

Yes I'd like to change jobs ideally but nows not a good time with the economy so fooked, not many jobs about. I'd like to have more options in a years time maybe. Nikki works up the road from me actually yes, which works out well because we car share.

Nothing solid planned next week depends on the weather which has been good in spells recently. One thing we do have is a hospital appt. can tell you this because we are still close - we are now on and [redacted] programme and going to get the drugs to start with that (not telling anyone by the way) because you get too many questions but I know your cool and I'll tell you if there's any news. Hey you never know you may have to give me the low down on twins someday. What else...oh yes I'm training for a charity bike ride so will try and get out next week.. I'm doing it in memory of Danni and it's 54 miles in June.

Back on the subject of work Niks hours have been cut and she losing one day a week but its across the whole dept. and it was either that or look for reduncies. times are tough right now. So what else have you been doing to keep busy other than the business plan?

Yes you have always believed in me, never doubted me at all. Can you tell that i'm very persistent and a determined women. You know some men find me a little confronting, even intimidating. I must admit though i am a strong women, not the shy type,lol!

Thats true what you said about the economy , but i'm not scared to venture out because, well have you ever heard of a broke doctor? The medical system doesnt go into recession. Think about it babe??!!

Thats soo cool about the [redacted] hun, i hope you really get your hopes and dreams this time babe.

I wish you both the best of luck with that. xxxx

Thanks for sharing babe, that made me feel pretty special.Mwah!

Been getting ready to move again, same town but different part. So been packing again which really sucks but its necessary as well. Smaller place, less rent and in town more. Shaun recons i'm a city girl and like being around the middle of town better. I said yeah, closer to the shops, lol!

Hes a real country boy, loves bush camping and fore wheel driving, which i love to , i think i'm city / country, a good mix of both, what do you think??

STUFF THAT!!! I know its for a good cause babe which is such a nice thing to do. But personally between you and me, i'm glad thats you riding not me, i'd be so sore and worn out,lol!! You must be really fit hey??

\* Adam, i've been doing lots of thinking and i think ,well , because i'm in a committed relationship and , well, now i find out this wonderful news about you and Nikki, i do think its time to let us go. We really do need to concentrate on our real lives, don't you think? I don't regret meeting you and i will forever treasure and remember all our times together, i will always have a special place for you in my heart.

But i need to be true to Shaun and respect him and our relationship. I feel guilty about doing this and it gets that little bit harder all the time. I need to be a honest good women to shaun as he really is a good guy, kind hearted and loves me, just the way i am. But i need to give us a proper chance and give our relationship the full attention it deserves. I hope you can understand this babe, i dont want to hurt you, i do love you. But i cant live with loving to men, like you said if we had have lived close to each other it would have been different. But this is the way it is.

I'm sorry we have to say goodbye honey , but it think for all its the right thing to do, dont you. ( i want you to be completely honest with me cause this is last chance to be ok)

I have to be able to concentrate on my real life here babe, you know. So i think we should end it tonight ok.

Dear Miss Pearce

Thank you for your letter of 18 September 2009 about the establishment of a Specialist Medical Centre in Port Pirie.

SA Health recognises and encourages private medical services to be established within rural communities. SA Health and Country Health SA (CHSA) have a long established history of working collaboratively with private medical practitioners in the provision of health services to the residents of local communities.

Currently, CHSA and the local Health Advisory Council for Port Pirie are engaged in a 10 year health service needs and planning process. This process will identify the needs of the local community and support the planning of long term health services to meet those needs. You may wish to consider discussing your proposal to establish the Specialist Medical Centre in Port Pirie with Mr Roger Kirchner, Director Mid North Cluster, CHSA on telephone [REDACTED].

Thank you for bringing this matter to my attention and I trust this information will be of assistance to you.

Yours sincerely

Dear Ms Pearce

I write in response to your letter dated 23 April 2013 in which you are seeking information on the meetings that have occurred during the year of 2009 between you and I so you can provide this information to the Minister for Health.

I can confirm that we have met on two occasions to discuss your proposed Business Plan and research and that these meetings were held on 11 December 2009 and 5 February 2010 as arranged by my then Executive Assistant, Ms Jemma Salvemini.

I also understand that you would like information on the role of the Port Pirie Health Advisory Council (HAC) and that you are considering applying to the HAC to become a member. Can I please suggest that you write to the HAC expressing your interest in becoming a member and ask that the HAC consider your nomination. The letter can be made attention to Mr Barry Hay, Presiding Member of the Port Pirie Health Advisory Council, PO Box 546, Port Pirie SA 5540.

I will be in contact with you shortly to discuss the role and function of the HAC.

Yours sincerely

Ms Jacqueline Pearce

Dear Ms Pearce

Thank you for your letter of 31 August 2012 about establishing a specialist medical centre at Port Pirie and offering to provide the business plans and research information collected throughout your project.

I asked Adjunct Professor Belinda Moyes, Chief Executive Officer, Country Health SA Local Health Network (CHSA), who is responsible for Port Pirie Regional Health Service (PPRHS), to consider your offer and I am advised as follows:

*As Ms Pearce may be aware, the PPRHS already provides consulting room facilities for some specialties identified through consultation with the local general practitioners.*

*In these instances, PPRHS pays the travel allowance and provides hospital accommodation for visiting specialists providing medical inpatient services.*

*PPRHS also distributes monthly information to all doctors and health units within the town and surrounding area of the specialists' visiting dates and the waiting times to see new patients.*

\* The completed Port Pirie GP Plus Health Care Centre, scheduled for September 2013, will also have capacity to provide additional consulting space, if needed. The nature of what additional medical services may be required is yet to be determined.

The Port Pirie Health Advisory Council has undertaken a 10 year planning process, and is now engaging the local general practitioner in planning how to shape medical services into the future.

*If Ms Pearce would like to have input into the development of the Port Pirie GP Plus Health Care Centre, there is a consumer group that she may wish to join. Further information is available by contacting Ms Lisa Cockington, Regional Director, Community Health and Primary Health Care Programs, PPRHS, CHSA, on telephone [redacted] or Ms Georgina Bickley, Manager, Environmental Health Centre, PPRHS, CHSA, on telephone 8638 4100.*

Thank you for writing to me on this matter.

Yours sincerely

**New Chief Executive Officer appointed for Country Health SA**

\* SA Health has today announced that Ms Belinda Moyes has been appointed as the new Chief Executive Officer (CEO) of Country Health SA.

SA Health's Chief Executive, Dr Tony Sherbon, said Ms Moyes' background as a proven leader in health makes her the ideal choice for this important role.

"Ms Moyes brings a wealth of experience and knowledge to this role, and delighted she is joining Country Health SA," Dr Sherbon said.

Previously, Ms Moyes has been the Chief Nurse of Victoria since 2000 and has also chaired the National Nursing and Nursing Education Taskforce for two years from 2004.

"In both of these positions, she oversaw very significant changes in the national nursing strategy, as well as significant workforce reforms in Victoria," Dr Sherbon said.

"Ms Moyes has also had significant experience in senior operational hospital management, where she was the driving force behind extensive operational reforms."

Ms Moyes who will be responsible for policy development and planning across rural South Australia has said that she is excited to be joining Country Health SA.

\* "I believe it is really important that people all over SA, including those in country areas, have easy access to a range of health services close to where they live." \*

"I am really looking forward to working with the local communities to build upon the excellent work that has already been done in strengthening the health services for rural, regional and remote South Australia."

Ms Moyes begins as CEO on 27 September 2010.

# Country Health SA launches Inpatient Dashboards for Port Augusta and Mount Gambier

**MSIC**  
 Residents of Port Augusta and Mount Gambier will now be able to access up-to-date information about the amount of people being treated in their local public hospitals.

The Country Health SA Local Health Network (CHSALHN) launched inpatient dashboards for Port Augusta and Mount Gambier Hospitals following the successful release of the metropolitan data earlier this year.

Professor Belinda Moyes, Chief Executive Officer CHSA LHN said the inpatient dashboards provide country residents with an opportunity to learn more about how their hospitals are managed.

"The inpatient dashboard provides detailed information on the number of inpatients at each hospital at any one time," Professor Moyes said.

"South Australia was the first state in the country to make this level of information available to the public and we are excited to extend this technology to country residents."

"Through the dashboard the general public can gain a better understanding about how patient flow is managed in our busy hospital environments."

### How to interpret this chart

This table shows a summary of the status of all inpatient beds in the Port Augusta Hospital (PAHS). In an online environment, you can click on the chosen hospital in the table and the whole dashboard will update to show data specific to that hospital. The dashboard displays occupancy per hospital split across 'general' beds and 'all' beds, breakdown of inpatients, the length of stay, and much more.

Professor Moyes said the dashboard, which is available online, will be updated every 30 minutes to provide real-time information about bed occupancy, average length of stay and inpatient flows.

"The dashboard also includes information specific to each hospital about the number of patients currently within each area or clinical unit at the hospital," Professor Moyes said.

"It allows people to easily see all of the different 'streams' of inpatient care that each hospital provides, such as surgical or pediatrics, and the status of each of these areas."

"Staff already use the dashboard, along with a range of other tools, to help monitor and manage capacity and ensure that patient safety is maintained."

"By releasing this data publicly we are continuing to make our health system more transparent."

### How to access the Inpatient Dashboard

[www.sahealth.sa.gov.au](http://www.sahealth.sa.gov.au)

About us > Our performance > Our hospital dashboards

To see the inpatient data for Port Augusta and Mount Gambier Hospitals go to the SA Health website, and click on About us, and then Our performance. From there click on the Inpatient Dashboard, and then click on the country tab at the top right of the screen to access the country hospital information. An IP Dashboard glossary and the frequently asked questions document are available online for further information.
