3rd January 2023

To Whom it may concern,

I am contacting you in relation to the first two recent contacts regarding being a targeted victim of Epstein and Maxwell and a connected Criminal Network involved and connected to Epstein and Maxwell and is still operational in Australia and endangering my life. I have attached a copy of the last contact made on the 2nd November 2022 for you review and connection to my previous contacts

2nd November 2022

To whom it may concern,

I am contacting you concerning recent contact dated 3rd October 2022 and reporting that I am a direct target of Epstein and Maxwell that had remained undiscovered, and I reside in South Australia , Australia.

In the previous correspondence I supplied 2 USB flashdrives containing Constructed Legal Case Files containing constructed documented evidence of being a target of a Criminal Network involving multiple connected individuals and prominent powerful people, which also included Government sources and Police sources.

I have now obtained documented evidence of the involvement of the Dark web/ Black market involvement in the targeting of an individual / myself by the Criminal Network involved.

I have submitted this evidence to Esafety in Australia and have requested an investigation into the report and requested their assistance.

Contact person of Esafety : 

I am contacting you to submit this final piece of evidence that was missing from the already submitted evidence, which is now conclusive to the final answer of how the Criminal network that has targeted me for over a 30 year period is operating.

I am submitting 1 USB Flashdrive with this report labelled Dark Web-Black Market and contains the files :

1. Identity Theft
2. Social media
3. Intellectual property Theft
4. Sexual Abuse Ring
5. Conspired Murder

EFTA00269358

6. Blocked assistance
7. Seeking assistance

The files listed above are the files I recently submitted to Esafety, [REDACTED] on 1st November 2022.

I am contacting you to provide more documented evidence I have discovered in my possession concerning an email dated 21st May 2009 of correspondence between myself and ADAM GURGLY Fake Identity of Epstein and Maxwell and name used by Epstein and Maxwell during the period of 2006-2013 Directly targeting the targeted victim, and contains details of the predatory behaviour by Epstein and Maxwell and what the interaction involved, and that they used the Fake Identity ADAM Gurgly as reported in previous contact and documented evidence involving the M.S.I.C design of the logo, and the documented evidence of the Australian Government sources involved and connected to Epstein and their involvement in the Sexual Abuse Ring.

I have also discovered the source of the commencement of the targeting which commenced at age 14 years of age while residing in Kadina and the motive behind the commencement, which involves an Australian Government source as the source, Attorney General of SA Vickie Chapman, and involves a connected Criminal Network involved in the continual 30 year targeting of an individual and involving multiple illegal criminal and immoral acts of criminality and against human rights and humanity.

I have attached and provided a USB containing 11 files and a report. The 11th file contains documented evidence of the motive and source of the targeting and the reason it began and continued for over a 30 year period involving Attorney General of SA Vickie Chapman. The provided evidence in this file is the final explanation of how and why the targeting began and the motive as to why I in particular had become this target.

I am requesting this final part of the evidence be conclusive to the previous contacts and extensive documented files Character Reference, Stage 1, Stage 2, Stage 3, Stage 4 and the Esafety file submitted previously and am requesting your URGENT attention and assistance in this matter, as my life is so impacted by this criminal targeting I am still residing in my parents home in isolation from employment, business development and any form of social contact due to the persistence of the criminal targeting, which followed me from location to location in 2018 and is still currently active and not resolved, the report of Black Market involvement involving my Identity being stolen confirmed in 2022 and confirms the targeting is still endangering my life and active.

I would appreciate your time, consideration and urgent attention and assistance regarding this matter.

Yours Sincerely  
Jacqueline Pearce
