

11/14/19

move to state, from Sweden when 8^{to}

Started @ Summer Camp, was 13 turning 14 in August
Interlockin 1994

Think met them July 1994

Moved to NY 16^{yo} going on 17^{to}

14^{yo} ^{was} first time going on private jet
going to NY

was a grad. move, stayed in JE's Apt. Building

Senior Year started in 1998 in NY.
JE paid for that

Dryfus performing arts school Junior Year in FL

17^{going on} 18 when moved to NY
18^{yo} during starting Senior Year

Traveled to Santa Fe NM w/ JE ~ 3 times

GM was there
each time

Went to JE's NY house when he was in

NY ... She ^{GM} wouldn't be around as

much because I don't think she lived together then
GM makes it seem like this is what grown ups do

JE'S office would call me... "Mr Epstein
would like to see you tomorrow after
School... or this weekend"

Not sure if GM called me to make apps.

GM was very present in the beginning
They were always together in FL
her being around made it seem safer.
she traveled on plane w/ us almost
always in beginning

in FL he would call me ^{the house} or his office
or they called and my mother answered

In early days ~~my~~ I didn't really want
to go to my mother told me
I wasn't being grateful and that they
believe in me

Travel arrangements early on were made
by GM (if commercially flying)
she would talk to me about
the arrangements... she was facilitating
the travel and @ least forwarding my
info to secretary to Boots
She brought me to JFK once

They would buy me plane tickets
Then I felt I had to go

and just tell
me they bought them
w/out asking

Tickets may have been dropped off

@ my house by a messenger ... or
one of his drivers.

his driver would pick me up to bring me
to airport

Only reason I visited NY in beginning
was in connection w/ visiting JE

GM was present for sexual contact in
NY, but not as present as
she was in FL

Recall @ least 1 incident in NY
where GM was present
his room was kind of dungeon like

First sexual contact was when she was
14 YO

she helped JE facilitate the situation
and its casualness / normalization
she acted as like a cool older sister
said everything ok, this is
