men

Went have tea - just 2 of us
she talked to me she like a
schoolgirl

the language

use words silly, naughty, boys, kissing, mens genitalia as willies almost present like she younger than me - I didnt talk like that

British schools I went to & G.M went all girl schools, live w/ talk bout kissing, boys, breaking rules

I wanted her to like me & took my cues from her

Anthony 30 now believe he was 6 when met him asked him yesterday

GM \$ I talk

bout what go on in London at time meet anybody nice fashion

she told me she had bf Jeffrey (didnt say last name) philanthropist

he should be coming \$ I should meet him

I dont think there big time lapse b/w the two

he's coming, you have to come over, I told him bout you, it'll be great for you

only time we on phone was for her to invite me to something

1st convo

nothing overtly sexual
underlying tone

Oh you dated 12 is that what
you like.

if she had said something sexual
been inappropriate

I was really young & she
a stranger & much older
woman

In England you just dont
talk about that

would be abrasive &
rude

& she wasnt rude -
'she overly helpful
'tea alright what can get you'

my mother tells
me she met
GM on one
occasion but
I dont remember
that but
certainly a
possibility

told GM

She very highly strung neurotic
(my mother bit like that)

my mother like

biggest thing to smallest thing
important that it be right for JE

She sarcastic as well

I know GIM likes she's someone in my fam
& I know if she could kill me she would
then go have lunch

you do whatever is necessary
she has obsessive personality
you do what is required & she
wouldn't feel bad

she's never going to be remorseful
unless it's a performance
As a victim of hers & JE
I don't want her to be punished. I want
her to be SORRY

she spent
quite bit time
in states

1st 2-3yrs always initiated by GIM
occasionally scheduling thru JE secretary.

"oh we'll have to get you over to NY"
"or if you're coming to NY we'll
have to get you place to stay"

GIM call & check in w/ me

she initiate phone call "I need your help"
I doing quite bit of modeling at time &
I'd tell her

everything was
easy
nothing out of
reach

She say we'd have to get you over here
Want go on trip

bt I met Je she talked bout him like he
was god
like he could do anything like magic
person
he's gonna love you

didn't have American
cell phone
I in London

The massage therapist not available &
I need you & Je loves you & you
have strong hands

↓
she always call
when she in London

She almost make sound like she irritated

NY

"I insisting it's you, what am

acting fake annoyed

we just took plane

place

little bit vulgar but Je like that
everything he said

little bit over
the top

talk bout money a lot, should I
buy another island
talk in front of staff what make
lot

GM tiptoe around Je everything cater to
him

JE direct w/ staff
I didnt see him get angry w/ staff

Subject of muffins
was thing
had have
certain kind
of food

GM get mad at staff when something
not go right
one day I heard her scream on
phone

certain kind
Sweatpants
laundered in
certain detergent

GM seemed be terrified he would
leave her
JE had short attention span
She had give him reasons to keep her

GM asking all the
time, "who do you
know"

GM talk bout needing young, pretty
blonde girls you know what he likes
he's high maintenance, demanding,
one person cant heed that much sex

after 1st 2 massages

she initiating bringing girls
Remember Alexandra Dixon
I felt protective of her

GM always call direct
JE never call direct - secretary call
‡ connect me Lesley
wasnt till much later had direct
contact

Travel to

NY, PB, Paris, Island

felt like she
punished me
b/c of it

When I in PB JE brought up subject
of having child ‡ GM upset ‡ pissed

DB → when she left schoolgirl outfit
one of worst

think humiliating for her that JE want have
child w/ me & not her
I ^{look} more his type

When went island they made
arrangements JE ^{secretary}
other travel not sure

NY apt

← Same time GM
introduce me
to Harlan Peltz
b4 married (22)

I understood JE pay for everything
GM told me he got her house in
NY

last time I spoke to
GM she said she
dating wealthy high
profile man

I knew what happened w/ her dad
so no way she could be doing stuff
on her own
her father losing everything
almost like she show me if he likes
you this what you can get

← I been to NY GM
house - where
met her bro

GM NY house was later

GM would say "we" (JE & GM)
"we can do this"
"we're ^{might+get} gonna get place in LA"
things like that

When you grow up
ask this in
beginning

GM say "what do you want to be
When you grow up"
"we can make it happen"

I think GM torn b/c she wanted be
enough but knew she couldn't be so
she found people so she could keep
all the stuff

I was the most like her - I think on most
levels. she had genuine connection w/ me
I had
look he wanted $\frac{1}{2}$ age he wanted

left school →
after massages
my recollection

I was very depressed, suicidal
took lot drugs drink a lot
I told my mother I just not going

I was doing things I didnt want to do
se touching me
I have flashbacks
I would take my mother sleeping pills
b/c I couldn't sleep

just timing ←
not the
what just
the
when

I feel pretty confident I met GM b/w 17-18yo
Memory can't trust sometimes
10yrs drug/alcohol abuse - very few things
can concretely attach time to
