### About the Concert

Clear Channel Media and Entertainment, The Madison Square Garden Company and The Weinstein Company – the same group that produced and sponsored the historic 9/11 benefit “The Concert for New York City” – have come together once again to present “12-12-12” (A Concert For Sandy Relief) – a special one night only live music event. As the tri-state region begins to recover from Sandy’s stunning and acute devastation along the coastal areas of Long Island, Queens, Staten Island and New Jersey, there remains an enormous task of rebuilding both the infrastructure and thousands of shattered lives. “12-12-12” presents an important opportunity for the community and nation to come together to provide significant support to these communities as they confront staggering short- and long-term issues. All money raised will be administered directly to those who need it most, through the Robin Hood Relief Fund.

### About the Robin Hood Relief Fund

The Robin Hood Relief Fund is providing money, material and know-how to local organizations that are serving families and individuals in the regions hardest hit by the storm. To learn about the over \$8MM in grants we have made to date please visit [www.robinhood.org/rhsandy](http://www.robinhood.org/rhsandy).

### About Robin Hood

Since 1988, Robin Hood has held steadfast to a single mission: fight poverty in New York City. We find, fund and create programs and schools that generate meaningful results for families in New York’s poorest neighborhoods. We work closely with more than 200 organizations to help them reach their full potential and perform rigorous assessments to ensure accountability. In addition, Robin Hood’s board of directors pays all administrative, fundraising and evaluation costs, so 100% of every donation goes directly to organizations helping New Yorkers in need.
