The story follows a young rickshaw-puller in Bhopal who gets a menial job at a chemical plant, but in December of 1984 a chemical spill in India takes the lives of almost 15,000 people and injuring more than 100,000. The film follows how the industrial disaster in the city changes his life and those of others. This film is inspired by real events.

Theatrical Release on December 5, 2014  
Running Time is 96 minutes
