Hello Dr.Steven,

Yes, I do remember it was 5 years ago when I visited New York.

You surprised me very much!

Mr.Jeffrey Epstein took the responsibility to take care of all the bills and sended me to your clinic..

I would never have gone to such a high-class clinic myself especially in New York..its a very expensive for me! I'm always knew that American medicine is very expensive in comparison with the Russian.

I'm sorry but you must deal with Mr.Epstein. I do not know who agreed my visit with him at your clinic.

I do not keep in touch with him for many years.

Hopefully you can understand me.

All the best,
