PROFESSIONAL EXPERIENCE

Robert Couturier Inc., New York, NY

Company Overview: AD100 Mid-size architecture and design firm focused mainly on high-end residential and some commercial projects. Robert Couturier executes grand-scale commissions in the U.S., Europe, South America, and Russia.

Interior Designer, October 2010 to Present

- Developed design schemes and client proposals for project bids
- Led projects including assessments of client requirements, preparation of project budgets and liaising with vendors/contractors, which ensured successful and timely completion of projects
- Conducted site surveys with architects - Documented existing conditions of structures prior to renovation
- Produced AutoCAD drawings including interior floor plans and elevations
- Produced custom detailed furniture drawings in AutoCAD designed by Robert Couturier
- Carefully coordinated with project architects, contractors and vendors to follow through on all aspects of the project
- Researched furniture & materials to maintain diversity from one project to another, gathered samples and estimates from vendors
- Rendered floorplans and elevations in Photoshop with materials selected which helped facilitate the decision making process for clients
- Created perspective renderings using Revit and enhanced the overall renderings in Photoshop for realistic visualization
- Prepared PowerPoint presentations and created material boards used to lead presentations at client meetings
- Oversaw all phases from construction through final installation; prepared and managed schedules of project objectives
- Assisted art directors and photographers on photoshoots of client homes for magazine publications
