

Metro New York's Best Kept Secret

Hawthorne Global Aviation Services is located at Long Island MacArthur Airport (KISP), New York — just outside of New York City's congested Class B airspace. This convenient location ensures your passengers will experience few, if any, ATC delays on arrival and departure.

Our first-class facility has all the comforts and convenience of home, including a large and comfortable passenger lounge with bar and fireplace, large screen television and complimentary beverages and snacks, Internet access and local ground transportation. Hawthorne's professional line service technicians are all NATA Safety 1st trained and certified, and provide the highest levels of service with an emphasis on safety. Our friendly customer service representatives will happily assist with any concierge needs including hotel accommodations, car rentals, dining reservations, and more.

Whether you are traveling to downtown Manhattan, the Hamptons, or just want a quick turn on a tech stop. Hawthorne is the right choice for customers who appreciate the best in customer service, hospitality and professionalism that will exceed your expectations.
