The State Register of Cultural Properties is the official list of historic properties worthy of preservation in New Mexico. The National Register of Historic Places is the official Federal list of historic properties worthy of preservation. *Listing in the State and National Registers provides recognition of important prehistoric and historic places, and assists in preserving New Mexico's cultural heritage and shared National heritage. Listing does not restrict the private use of the property by the owner or the property owner's ability to sell, transfer or develop the property as he/she may consider appropriate. Listing does not mean that limitations will be placed on the properties by the Federal government, nor will it attach restrictive covenants to the properties or seek to acquire them. Public visitation rights are not required of owners. Once a property is listed in the Registers, owners of private properties become eligible for income tax credit for approved restoration, rehabilitation or preservation and may request technical advice from the HPD. For more information about financial incentives visit our web site at this link: <http://www.nmhistoricpreservation.org/programs/incentives.html>.*

Please contact me by phone at 505-476-0444 or by e-mail at Terry.Moody@state.nm.us if you have any questions. Thank you for supporting the listing of the National Register Multiple Property Documentation Form (MPDF) *The Greater Galisteo Basin Cultural Landscape, North-Central NM* and the nominations for *Petroglyph Hill* and the *Lone Mountain Ranch Cultural Landscape District* to the State and National Registers.

Sincerely,
